## Mentoring

### Mentor Teacher Refresher Training (Level II) PDP

The Commonwealth of Virginia requires school districts to assign trained mentors to all novice teachers new to the profession. It also sets standards for training of mentor teachers. The Teacher Orientation and Continuous Learning Institute endeavors to conduct a three-hour training session for each mentor teacher. Mentor teachers will receive strategies and tools for three areas of need: formative assessment of beginning teacher performance, development and use of individualized professional development plans, and provision of individualized assistance. Tools for learner engagement and retention will be introduced, reviewed, practiced, and implemented throughout the training session.

**Eligible Audience:** Mentor Teachers

**Lead Mentor Academy PDP**

The mission of the required district-wide induction and mentoring program is to support beginning and new-to-district teachers during their first three years in VBCPS. The program is designed to meet state requirements and matches an experienced mentor teacher with an incoming teacher to provide support. We endeavor to train mentor teachers to take the lead in their buildings and implement mentoring and support options, in conjunction with building administrators, for new teachers. This requires sustained, responsive training. We propose to offer lead mentors an academy made up of a two-day academy session, and then 4, two-hour working sessions spread throughout the school year.

**Eligible Audience:** Grades K-12 Lead Mentors, activated by the building Principal
