BRIDGES: Positive Behavior Supports (PBS) - LEVEL 2 PDP

The Individuals with Disabilities Education Act (IDEA) contains several provisions requiring the use of Positive Behavior Supports (PBS). The unique behavior challenges of students with Autism Spectrum Disorders (ASD) require schools to go beyond universal supports to create positive behavior changes. This class is designed to provide school personnel with new behavior support skills and the latest research findings in the positive behavior support field. Staff will practice developing, implementing, and evaluating individual behavior plans. Staff will become skilled at Prompting Hierarchy, Discrete Trial Training, and other popular ABA techniques. Additionally, school personnel will become familiar with different forms of data (ABC, duration, etc.). (Prior background knowledge/experience is strongly suggested, i.e. LEVEL 1 class.)

Learn how to add pictures, sound, speech, movement, and videos to your PowerPoint books for students. Bring your favorite book(s) and turn them into a PowerPoint activity for students who are unable to read and need animation and pictures to encourage comprehension. You may also create your own stories. Time will be provided to create activities you can take with you. Be sure to bring a flash drive for downloading with pictures of your students on it that can be incorporated into your stories.
