#### **JUSTIFICATION FOR SOLE SOURCE:**

The Scott Foresman Science Content Leveled Readers will provide elementary teachers with materials for guided reading groups. These content readers teach the same science concepts, vocabulary, and reading skills. The only difference is the reading level for the sets are differentiated. Teachers will receive enough materials for students below-level, on-level, and advanced. This set of readers is the only leveled text that does not differentiate the content as well as the reading level.

### Content Level Readers Grade 3

#### Rational:

Content Leveled Readers are science readers that are differentiated for students based on their reading level. These materials will facilitate the development of reading in grade 3 by providing teachers with classroom sets of readers to be used during guided and shared reading instruction. All students will have access to grade level specific science content at their reading level.
