MEMORANDUM

TO: Kevin Beardsley

FROM: Jenny Sue Flannagan, Elementary Science Coordinator JSF

SUBJECT: SOLE SOURCE REQUEST

DATE: December 7, 2006

NAME OF COMPANY: Vernier

REQUISITION #: INST-7-0062182

TOTAL DOLLAR AMOUNT: \$103,491.81

JUSTIFICATION FOR SOLE SOURCE:

Vernier offers a wide range of software and hardware to assist students with data collection in the science program. Using this software and the accompanying hardware (probes), students will be able to investigate natural phenomena such as temperature, motion, force, magnetism, light, electricity, and pressure. Go-Link and deluxe packages of probes that we are purchasing will provide elementary teachers with the tools they need to simply and efficiently help students to collect data that would otherwise not be possible. Vernier only sells this complete package directly, and this is more cost effective than buying each package individually from their distributor network.

Approved for sole source:
J Kevin Beardsley 12/12/08
