

NOTICE OF SOLE SOURCE PROCUREMENT

Date: October 20, 2009

Vendor/Contractor: Continuum Pediatric Nursing Services

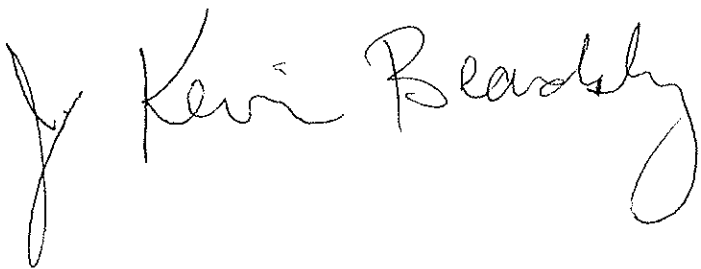

Contract Amount: \$50,000.00 to \$80,000.00 per year

Description of Services: Nursing services for special needs students.

Sole Source Determination: We had not had a student needing these services for two years but this year we had two. One of the students was already receiving services paid for by the family's health insurance provider for the hours not covered by the school division. It was determined to be in the best interest of the student to have the same company provide these services instead of switching twice a day.

The other student was going to be serviced with our existing contract but the contractor refused to provide the services per the terms of the contract. We decided to terminate that contract and service the second student with this contract while we resolicit these services.

Date of Award: September 17, 2009
