1. Includes the dollar value of scholarships accepted. (This amount would be significantly higher if the figures for scholarships offered were used since some students received financial aid offers from several colleges.)
2. Includes the dollar value of ROTC and military academy appointments.
3. Reported amounts exclude Pell grants, work study, Virginia Guaranteed Assistance Program (VGAP), and student loans, but the Virginia Tuition Assistance Grant (VTAG) is acceptable.
4. The amount of renewable scholarships is multiplied by four.
