Note: The ACT is an optional test taken by high school students and used by many colleges and universities as part of their admissions process. It includes multiple-choice tests that cover English, mathematics, reading, and science. Scores on each section range from 1 to 36. The composite score is the average of the four test scores.

For additional information about the ACT composite scores reported above, please contact the Department of Educational Leadership and Assessment (263-1199).
