Advanced Accounting  
(BE 6321)  
One Credit, One Year  
Grades 11 to 12

Counselors are available to assist parents and students with course selections and career planning. Parents may arrange to meet with the counselor by calling the school’s guidance department.

COURSE DESCRIPTION
Advanced Accounting students gain knowledge of advanced accounting principles, procedures, and techniques used to solve business problems and make financial decisions. Students work in a technology-integrated environment, using accounting and spreadsheet software to analyze, synthesize, evaluate, and interpret business financial data related to inventory, fixed assets, notes/accounts payable and receivable, implementation of a partnership and a corporation, and other specialized accounting systems. Using authentic workplace scenarios that reflect current industry trends and standards, students analyze financial data and acquire knowledge of business ethics.

CERTIFICATION
Students who qualify are eligible to sit for the NOCTI Advanced Accounting assessment which can be used for student selected verified credit. Where available, students are eligible to sit for the Financial Accounting CLEP examination for college credit.

COOPERATIVE OFFICE EDUCATION (COE)
Cooperative Office Education (COE) is the supervised on-the-job instructional phase of an occupational preparation program. Students attend classes for all or part of the day and work in an approved business/office position part of the day. The teacher-coordinator and business training sponsor develop an individualized training plan that identifies learning experiences according to the student’s career objective. Transportation is the responsibility of the student. Many Business & IT courses are eligible for the cooperative office education method of instruction. Participation in COE is optional for Business and Information Technology students.

STUDENT ORGANIZATION
FBLA – The Future Business Leaders of America is the co-curricular organization for secondary Business and Information Technology students. The organization enhances occupational preparation for students by helping them attain the following goals: leadership skills; knowledge of the American enterprise system; self-confidence; improvement of home, business, and community; scholarship; citizenship; and career goals.

COMPETENCIES FOR ADVANCED ACCOUNTING

Demonstrating Workplace Readiness Skills: Personal Qualities and People Skills
001 Demonstrate positive work ethic.
002 Demonstrate integrity.
003 Demonstrate teamwork skills.
004 Demonstrate self-representation skills.
005 Demonstrate diversity awareness.
006 Demonstrate conflict-resolution skills.
007 Demonstrate creativity and resourcefulness.

Demonstrating Workplace Readiness Skills: Professional Knowledge and Skills
008 Demonstrate effective speaking and listening skills.
009 Demonstrate effective reading and writing skills.
010 Demonstrate critical-thinking and problem-solving skills.
011 Demonstrate healthy behaviors and safety skills.
012 Demonstrate an understanding of workplace organizations, systems and climates.
013 Demonstrate lifelong-learning skills.
014 Demonstrate job-acquisition and advancement skills.
015 Demonstrate time-, task- and resource-management skills.
016 Demonstrate job-specific mathematics skills.
017 Demonstrate customer-service skills.

Demonstrating Workplace Readiness Skills: Technology Knowledge and Skills
018 Demonstrate proficiency with technologies common to a specific occupation.
019 Demonstrate information technology skills.
020 Demonstrate an understanding of Internet use and security issues.
021 Demonstrate telecommunications skills.

Examining All Aspects of an Industry
022 Examine aspects of planning within an industry/organization.
023 Examine aspects of management within an industry/organization.
024 Examine aspects of financial responsibility within an industry/organization.
025 Examine technical and production skills required of workers within an industry/organization.
026 Examine principles of technology that underlie an industry/organization.
027 Examine labor issues related to an industry/organization.
028 Examine community issues related to an industry/organization.
029 Examine health, safety and environmental issues related to an industry/organization.

Addressing Elements of Student Life
030 Identify the purposes and goals of the student organization.
031 Explain the benefits and responsibilities of membership in the student organization as a student and in professional/civic organizations as an adult.
032 Demonstrate leadership skills through participation in student organization activities, such as meetings, programs and projects.
033 Identify Internet safety issues and procedures for complying with acceptable use standards.

Using Technology to Implement Accounting Procedures
034 Explain the impact of the use of technology on the steps of the accounting cycle.
035 Perform accounting procedures, using spreadsheet or accounting software.
036 Create computer-generated reports.
Apply technology used in the accounting profession.

Understanding Accounting Concepts for Inventory
- Explain the differences between a perpetual inventory system and a periodic inventory system.
- Journalize transactions, using a perpetual inventory system.
- Determine cost of merchandise inventory, using current costing methods.
- Prepare a multiple-step income statement.
- Calculate inventory turnover ratios.
- Analyze obsolete, damaged or slow-moving inventory.
- Identify security considerations related to inventory.

Understanding Accounting Concepts for Fixed Assets
- Calculate the cost of fixed assets.
- Compare the methods of calculating depreciation.
- Record depreciation of plant assets.
- Record sale, trade-in, and disposal of plant assets.
