GUIDE TO MIDDLE SCHOOL  
SUMMER PROGRAMS 2019  

Mission Statement  

Virginia Beach City Public Schools, in partnership with the entire community, will empower every student to become a life-long learner who is a responsible, productive and engaged citizen within the global community.  

GENERAL INFORMATION  

This guide provides students and families with specific information about the programs that are available in summer school. Students and families should review this publication and consult with school counselors and/or teachers to determine which programs may be appropriate. When selecting a program, it is important to remember that all courses offered in Virginia Beach City Public Schools are available on a non-discriminatory basis.  

Students and families should note that all programs are dependent on sufficient enrollment and the availability of qualified and appropriately endorsed instructional staff. Also, enrollment in some courses may be limited due to the availability of equipment and space at a particular school.  

Note: if a course is cancelled due to insufficient enrollment, students may be allowed to enroll in the course at another site; however, transportation to the other site will not be provided.  

ATTENDANCE AND CONDUCT  

Attendance during summer school will be monitored in accordance with School Board Policy 5-17. Teachers will maintain an accurate record of attendance/absences by class session.  

Students are expected to be in attendance at each class session each day. A student will not be granted credit or considered for promotion to the next grade level if absences are excessive. Because summer courses are condensed, excessive absences are defined as missing more than one (1) class session.  

A parent/guardian may request a waiver of the summer school attendance policy by submitting the standard waiver request form to the summer school principal at the end of each summer school session. Appeals should be forwarded to the Office of Student Leadership.
The Code of Student Conduct will remain in effect during Summer School 2019. The Code of Student Conduct outlines the expectations for student behavior. Students will be subject to suspension or dismissal from classes by the summer school principal if they violate policies with regard to student conduct or if their behavior is disruptive and/or interferes with classroom instruction. If a student is dismissed due to behavior, he or she is not eligible for a refund of summer school tuition.
