GUIDE TO UNDERSTANDING THE BUDGET

BUDGET ORGANIZATION

Virginia Beach City Public Schools (VBCPS) plans and develops a budget on an annual basis. The Code of Virginia requires each superintendent to prepare a budget reflective of the needs of the school division. It is the responsibility of the School Board to balance the needs of the school division against the available resources.

VBCPS' budget is developed using a variety of standards and practices that reflect federal laws, state codes, local policies and School Board regulations. Management is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the School Board are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP). For accounting purposes, the fiscal year (FY) for VBCPS encompasses the 12 months beginning July 1 and ending June 30.

The FY 2021/22 Superintendent's Estimate of Needs (SEON) is presented as a communications document that provides information required for making policy and budgetary decisions. The SEON details projected revenues and expenditures and outlines proposed changes compared to budgets from prior fiscal years. In this document, the total School Operating budget is presented first by fund; then within each fund, revenue and expenditures are shown in detail.

The FY 2021/22 SEON presents financial summaries and comparisons expanded to report up to five years of data. This document is a record of past decisions, a spending plan for the future, and serves as a resource for students, employees and citizens interested in learning about the operation of VBCPS.

BUDGET BASICS

Where do my tax dollars go?

Nearly 85.0 percent of the School Operating fund budget goes to personnel costs. The remaining 15.0 percent must address needs such as utility bills for schools and gasoline for school buses. Annually, there is typically less than 2.0 percent of this 15.0 percent available for discretionary spending.

How are revenue and expenditures projected?

There are many unpredictable factors affecting the projection of revenue and expenditures. It is, therefore, important that VBCPS develops and utilizes budget assumptions that are current and based on data and information available at the time the budget is formulated. VBCPS continuously monitors revenue and expenditures throughout the year, which is an essential step to maintain a balanced budget and prevent a deficit.

How are budgets developed each year?

The baseline budgets for schools and centers are determined primarily by application of ratio-based formulas that meet or exceed state requirements and have been approved by the School Board. Each year, school-based positions are recalculated based on the projected enrollment for the next year using the School Board approved staffing formulas. Staffing formulas and examples of how staffing is calculated and allocated to schools are included in the Appendix.

How are revenue and expenditures classified?

The primary elements used to classify revenue and expenditures are fund, major category and account type. Funds represent the highest level of the classification structure. Major category refers to the classification of expenditures pursuant to §22.1-115, Code of Virginia. Account type denotes revenue or expenditures.

Does VBCPS end each year with money that is unspent?

Each year state and local governments typically end the year with an available ending balance to ensure that they meet revenue projections and do not exceed expenditure appropriations. As a result, VBCPS has historically ended each fiscal year with a positive ending balance. This is a responsible budgeting practice considering that the division is required by law to have a balanced budget. Included in the ending balance is carryover funding for outstanding encumbered obligations, accounting for orders of goods or services that have not been received or performed as of June 30.

VBCPS is a component unit of the city of Virginia Beach. Appropriations of the division's budget are authorized by the City Council as part of the city's budget adoption process. VBCPS fund balances at year-end lapse into the fund balance of the city's General fund. The School Board may request, by resolution to the City Council, the reappropriation of fund balances to the subsequent fiscal year through the reversion process.

As a result of changing conditions, available ending balances vary year-to-year and typically represent a small fraction of the overall budget. For example, when fuel prices are low, there are one-time savings that are included in the available ending balance. Since these conditions fluctuate, it is most prudent to use those monies for one-time needs, rather than ongoing expenditures.

What is a "structurally balanced budget?"

To address serious economic circumstances in recent years, VBCPS has had to rely on one-time reversion funds to augment the School Operating budget and pay for recurring expenses. While the use of one-time funding has helped bridge the gap between the revenue available and expenditures, the use of these funds to pay for ongoing costs has created a structural imbalance that requires recurring revenue to resolve.

A structurally balanced budget is one that supports financial sustainability for multiple years into the future. For a variety of reasons, a structurally balanced budget may not be possible at a given time. In such a case, using reserves to balance the budget may be considered, but only in the context of a plan to return to structural balance, replenish fund balance, and ultimately remediate the negative impacts of any other short-term balancing actions that may be taken.

STAFF AND CITIZENS IN THE BUDGET PROCESS

The budget process includes strategies to inform staff, parents and the community and provides opportunities for all participants to offer input and engage with VBCPS. This is accomplished through strategically held public hearings, meetings and forums with various stakeholder groups. The budget development process enables a broad spectrum of individuals and organizations to bring their ideas to the School Board and provide input on how money will be spent.

Throughout the budget development season, staff and citizens may visit VBCPS' website to view the latest updates and access important reference materials.

VIRGINIA BEACH CITY PUBLIC SCHOOLS CHARTING THE COURSE

Aaron C. Spence, Ed.D.Superintendent

February 2, 2021

Chairwoman Rye, Vice-Chair Melnyk and School Board Members,

This Superintendent's Estimate of Needs (SEON) is often considered to be the unofficial "kick off" to the Board's budget development process, acknowledging months of discussions and presentations we have had throughout the year about priorities as a school division. However, as I present you this document, the world is a very different place from where we were a year ago at this time, so it may read a little differently than previous SEONs.

Since March of 2020, we've navigated the uncharted territory of managing education while in the throes of a worldwide health pandemic. From the moment the governor shut down schools last Spring, the need to build essentially two new school divisions – one all virtual, one face-to-face – emerged, and we hardly missed a beat. We kept our staff employed and paid throughout, taking care of our workforce and bolstering our local and state economies in a time of economic crisis. We created our Continuity of Learning Plan and then shifted to our Emergency Learning Plan, providing some synchronous learning and a more robust asynchronous experience. We tackled the challenges of ending the last school year with minimal learning loss and providing our staff, students and families with the supports they needed. Then we developed and implemented our Fall 2020 Plan, which gave families a choice of virtual or in-person learning and provided a blueprint for a successful first half of the school year. And now, elements of that plan are serving as the foundation for the rest of the 20-21 academic year as we continue to progress in our knowledge both of the virus and of the needs of our school division.

While our \$828.8 million operating budget encompasses the wide range of requirements that it takes to run our school system every day, we have always made sure to not only provide the bare essentials to our students and staff, but also the resources and compensation they and our community expect. For the School Board and for this administration, teacher compensation remains a top priority for fiscal year 2021-22. We have heard and we understand how imperative it is for our school staff to be paid what they deserve, and we want to continue making a significant impact in that regard. Given what our teachers have endured this last year, it seems more important than ever that we make good on that request, which is why we have proposed a 4.5% increase in cost of living adjustment (COLA) and a 0.5% step increase for those reaching or below top of scale. For the first time in more than 20 years, we've also budgeted for an increased allowance for those employees with advanced degrees, which will make us more competitive in the local market.

While compensation increases are our top priority, we've also addressed other division needs in this Estimate of Needs. We've continued to put an emphasis on the mental health of our students, for example, by increasing the number of guidance counselors for elementary and middle schools by 16 to meet new SOQ requirements. This will allow us to build on some remarkable progress in our understanding and implementation of Social and Emotional Learning (SEL) competencies in our schools. And, we also intend to continue providing the necessary supports for our growing English as a Second Language (ESL) and special education populations. Finally, we're very excited to

Chairwoman Rye, Vice-Chair Melnyk and School Board Members Page 2 February 2, 2021

provide funding to expand the Spanish Immersion Program and further support the Environmental Studies Program at the Brock Center.

The reason we are on such firm financial ground today—and why we were able to provide our students and staff with the remarkable amount of support we did during an extraordinary time financially and otherwise—is thanks to our chief financial officer, to our award-winning budget and finance staff and to you, our School Board. I am very grateful to work for a school division where we put students and staff first, no matter the situation.

I am also very proud of the work we do in VBCPS, work that provides evidence of the sound stewardship of the resources available to us here. Despite the pandemic-related obstacles we continue to face, as well as the fiscal challenges we've wrestled with as a result of the pandemic, VBCPS has thrived. I am proud to say that for the 12th consecutive year, VBCPS reached a record-high On-Time Graduation (OTG) rate, which now stands at 94.2%. In addition, the division's dropout rate decreased to 2.9%—the lowest on record. VBCPS also outperformed Virginia's rates of 92.3% for OTG and 5.1% for dropouts. That's right. Amid a global pandemic, our graduation rate went up, not down.

What a testament to our work. Not only did we graduate our seniors during a health crisis, but we have we kept our future graduates connected to learning and cared for throughout. While our division has been 1:1 for some time, we've made our parking lots and playgrounds Wi-Fi accessible and offered extended hours for Chromebook exchange or replacement. One thousand hot spots were purchased and delivered to families, and five thousand wireless headphones were given to teachers along with faster, more powerful laptops.

We've kept students fed by making meals available via a pickup model at all schools and by delivering food via bus in some of our more vulnerable neighborhoods. Between March and December 2020, we served or delivered more than 3.8 million meals, and we're currently averaging 150,000 meals per week.

When our school buildings were closed for in-person learning, we partnered with the city to open Safe Learning Centers, where children of working parents could be secure during the day.

Thanks to your guidance, our resilient, dedicated staff and a patient, supportive community, we have made some amazing things happen. Here are just a few more accomplishments from a remarkable year:

- Virginia Beach City Public Schools was a first-place winner of the National School Board Association's 2020 Magna Award for removing barriers for students through JumpStart, a partnership between local nonprofit AidNow and the division's school social work services.
- For exceeding state accreditation standards, narrowing achievement gaps and improving outcomes
 for students, the State Board of Education awarded Virginia Beach City Public Schools with nine
 2020 Highest Achievement Exemplar Awards, more than any other school division in the state.
 Twelve schools in the division earned the 2020 Continuous Improvement Award, which highlights
 those schools that are rated "accredited" or "accredited with conditions" for 2019-2020. No other
 Hampton Roads school division earned as many Continuous Improvement awards.

Chairwoman Rye, Vice-Chair Melnyk and School Board Members Page 3 February 2, 2021

- Parkway Elementary School was named a 2020-2021 National ESEA Distinguished School. This is
 the second year in a row for a VBCPS school to earn this honor. Rosemont Elementary School was
 a 2019-2020 National ESEA Distinguished School.
- For the second year in a row, VBCPS was designated a Virginia Environmental Excellence Program Sustainability Partner by the Virginia Department of Environmental Quality. VBCPS is the only school division in the state to earn this distinction.
- VBCPS was recognized by VDOE as one of only 15 "School Divisions of Innovation" for designing
 and implementing alternatives to traditional instructional practices that improve student learning and
 promote college and career readiness, and good citizenship.
- For the third consecutive year, all VBCPS comprehensive high schools earned the National Gold Council of Excellence Award from the National Association of Student Councils (NASC). This award recognizes student councils for their records of leadership, service and activities that improve the school and community. VBCPS represents more than 50% of the schools in Virginia on the list of awardees
- And, for 11 consecutive years, we have been named one of the Best Communities for Music Education by the National Association of Music Merchants (NAMM) Foundation for outstanding commitment to music education. Less than 5% of school districts across the nation earn this prestigious award.

I'm also excited about our recently adopted equity policy that provides a framework to advance educational equity in alignment the division's vision, values, and priorities. This policy calls on us to create an environment where all students have the opportunity to benefit from high standards and where all students have access to effective and inclusive learning environments and the resources required for a high-quality education. As a result, there will be an equity assessment in the coming months, ultimately leading to the development of an equity plan that will guide our work as we seek to bring to life the goals and emphases outlined in that policy and in our strategic plan, Compass to 2025. I can confidently say this Estimate of Needs underscores and will support that work and further distinguishes equity as something that needs to undergird everything we do. The priorities highlighted in this document directly support Goals 1-4 in Compass to 2025, which is a testament to how committed we are to ensuring our division-wide goals are supported from a budget perspective. We are literally putting our money where we as a community have determined it matters most. I am so appreciative of your support in this endeavor, and I can't wait to see how these efforts continue to move our division forward and effect real change across this great city.

Additionally, as always, VBCPS recognizes the need for ongoing capital improvements across the division—another part of our commitment to ensure that every student and every staff member works and learns in an environment designed for excellence. To that end, the proposed Capital Improvement Program (CIP) includes funding to complete the three projects that are currently underway: Princess Anne Middle School Replacement, the Plaza Annex Addition, and An Achievable Dream Academy at Lynnhaven Middle School. There is also funding in the FY 2021/22 - 2026/27 budget to continue planning for and begin the replacement of Princess Anne High School. This project is now fully funded in the 6-year CIP, as is the Bettie F. Williams Elementary School/Bayside 6th Grade Campus project.

Chairwoman Rye, Vice-Chair Melnyk and School Board Members Page 4 February 2, 2021

This CIP also includes funding to begin planning for the Bayside High School Replacement project in years five and six of the program. This CIP continues to budget for infrastructure projects such as roof and HVAC improvements, as well as replacing playground equipment. Of course, even with all of this, it will be important that we continue the capital improvements conversation with our city leaders, legislators and our community in order to make more substantial progress in the future.

I want to personally thank you for taking the time to read and understand the FY21-22 Superintendent's Estimate of Needs. I look forward to continuing this collaboration with all of you as we strive to develop a budget that will keep Virginia Beach City Public Schools a world-class school division for our students and families.

Yours in Education,

Aaron C. Spence, Ed.D., Superintendent

DIVISION ORGANIZATION

SCHOOL BOARD MEMBERS

The School Board of the City of Virginia Beach is charged by the Commonwealth of Virginia and the regulations of the Virginia Board of Education (VBOE) with providing and operating the public schools of Virginia Beach. It is the function of the School Board to set general school policy and, within the framework of VBOE regulations, to establish guidelines and rules that will ensure the proper administration of the school program.

Trenace B. RiggsDistrict 1 – Centerville

Carolyn D. Weems District 4 – Bayside

In accordance with the Constitution of Virginia, Article 8, Section 7, the School Board of the City of Virginia Beach has overall responsibility for ensuring that the activities of the public schools are conducted according to law with the utmost efficiency. The School Board is a component unit of the city of Virginia Beach with responsibility for elementary and secondary education within the city. The City Council annually approves the budget, levies the necessary taxes to finance operations, and approves the borrowing of money and issuance of bonds for the school division. The School Board consists of 11 citizens elected in accordance with the Charter of the City of Virginia Beach to serve four-year overlapping terms. Four members of the School Board serve "At-Large" with no district residency requirement. The remaining seven members are required to live in the districts they represent. Each School Board member is charged with representing the entire division.

ADMINISTRATION

The School Board, vested with legislative powers, appoints the superintendent who serves as the executive and administrative head of the school division. The superintendent is charged with implementing School Board policies and managing all administrative duties related to the school division. The superintendent and administrative staff are responsible for the efficient operation of all individual schools and operational areas.

The organizational structure of VBCPS is focused on meeting the needs of approximately 64,000 kindergarten through 12th grade students while managing 86 schools/centers and seven support facilities. The administrative structure of VBCPS is divided into seven departments, each led by a chief administrative officer, to manage the day-to-day operations of the division: Budget and Finance; Human Resources; Communications and Community Engagement; School Division Services; School Leadership; Teaching and Learning; and Technology. These departments provide services including curriculum development, payment for personnel, recruitment, hiring, professional development, diversity awareness, computer services, building maintenance and a host of other operational and developmental functions.

ORGANIZATIONAL CHART

SCHOOL BOARD STRATEGIC FRAMEWORK

The strategic framework, *Compass to 2025*, charts the course for teaching and learning across the school division with the focus of ensuring that every student is challenged and supported to reach his or her full potential.

MISSION

The Virginia Beach City Public Schools, in partnership with the entire community, will empower every student to become a life-long learner who is a responsible, productive and engaged citizen within the global community.

VISION

Every student is achieving at his or her maximum potential in an engaging, inspiring and challenging learning environment.

CORE VALUES

VBCPS is committed to creating a culture of growth and excellence for our students, staff and community. We strive to make this culture evident to all by actively reflecting on and engaging in behaviors that demonstrate our core values.

We Put Students First:

Student-Centered Decision Making - Choosing actions that, above all else, benefit and support student learning, growth and safety. We ask ourselves: How am I putting student interests and needs first when making decisions?

We Seek Growth:

Continuous Learning - Pursuing formal and informal learning opportunities to foster personal growth and improvement for all. We ask ourselves: *In what ways am I making my learning a priority?*

We Are Open to Change:

Innovation - Encouraging new ideas or improved ways of teaching, learning and working together to achieve our mission. We ask ourselves: How am I implementing new or improved ideas to benefit my work and the work of the school division?

We Do Great Work Together:

Collaboration - Working together and building partnerships that will benefit our students, division and community. We ask ourselves: How and where am I working with others to improve my work and the work of the school division?

We Value Differences:

Respect - Fostering a trusting, open, ethical, honest and inclusive environment where diversity of thought and individual contributions are prized. We ask ourselves: What am I doing to invite, recognize and esteem the perspectives of those around me?

STUDENT-CENTERED DECISION MAKING

Choosing actions that, above all else, benefit and support student learning, growth, and safety.

Put Students First

CONTINUOUS LEARNING

Pursuing formal and informal learning opportunities to foster personal growth and improvement for all.

Seek Growth

INNOVATION

Encouraging new ideas or improved ways of teaching, learning, and working to achieve our mission.

Be Open to Change

COLLABORATION

Working together and building partnerships that will benefit our students, division, and community.

Do Great Work Together

RESPECT

Fostering a trusting, open, ethical, honest and inclusive environment where diversity of thought and individual contributions are prized.

Value Differences

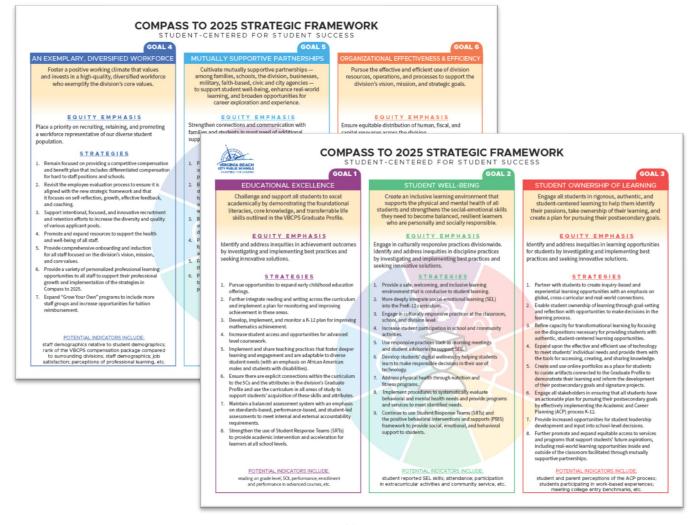

GOALS

The division's new strategic framework, called *Compass to 2025*, was adopted by the School Board at its Nov. 26, 2019, meeting and will set the school division's future direction for the next five years. *Compass to 2025* was developed by a strategic planning committee made up of parents, students, division staff and representatives from the military, community interests, area businesses and higher education. The committee was tasked with soliciting stakeholder insight and input through community meetings, a virtual town hall and strategy development sessions. They worked together to review feedback and develop the overarching goals of the framework. Teams of central support staff developed the strategies for each goal. The goals and strategies represent areas the division will work toward improving over the next five years to help achieve student, workforce and organizational success.

The overarching goals in the new framework are: Educational Excellence; Student Well-Being; Student Ownership of Learning; An Exemplary, Diversified Workforce; Mutually Supportive Partnerships; and Organizational Effectiveness and Efficiency. While VBCPS is staying the course set out by *Compass to 2020*, goals for the new strategic framework are better defined and have been expanded from four to six, allowing for a substantial emphasis on equity and student ownership of learning, along with mental, physical and digital wellness.

The new framework, which took effect July 1, 2020, builds upon *Compass to 2020*, which resulted in a string of unprecedented successes for the division: earning accreditation three consecutive years; reaching record-high graduation and low dropout rates; students' achievements being recognized with nearly half a billion dollars in scholarships since 2015; and students earning a milestone 100,000 industry certifications.

Through *Compass to 2025*, the division will focus on meeting the needs of today's learners – and tomorrow's – and giving our students the tools for meaningful community engagement and fulfilling, successful lives, no matter where their paths take them.

BUDGET DEVELOPMENT PROCESS

BUDGET PLANNING

Tenets of the School Board's new strategic framework, *Compass to 2025*, drive the division's operational and financial plans. The School Board budget reflects multiple stages of planning to allocate resources for carrying out the goals defined through the strategic framework. Each planning phase includes input from senior staff, school division employees, city staff and the community.

Each year, staff members from the city and VBCPS collaborate to make projections about economic indicators and budget trends that are likely to occur over the next five years. In preparation for the Five-Year Forecast report and to frame the upcoming budget process, city and school division staff meet with local and regional economists each year. This year the outlook is optimistic, mainly due to the recovery of local real estate, personal property and other consumer related revenues. Other data points focusing on metrics involving tourism, housing and defense also point to growth, positivity and overall well-being in Virginia Beach.

Impact of Planning Processes on the Approved Budget

The Capital Improvement Program (CIP) assesses requirements for new facilities, renovation of existing facilities, infrastructure management, technology upgrades and other facility-related needs. The list of projects resulting from this assessment and guidance, outlined in the division's Comprehensive Long-Range Facility Master Plan, provide a clear statement of school facility requirements. Actual completion dates for CIP projects depend on cash flow and debt service limitations.

VBCPS develops a series of student enrollment projections and analyses annually to aid in identifying future student needs and developing recommendations for how to best address these needs. In support of the short and long-range budget planning processes, student membership projections for each school are used to determine staffing and funding allocations.

Thorough planning processes are used to generate three drafts of the budget document at multiple stages of budget development. The SEON is developed and presented to the School Board in February. The School Board then conducts several workshops prior to submitting a Proposed School Board Operating Budget to the City Council in March. Both documents detail projected revenues and expenditures and outline proposed changes as compared to the prior year's budget. The City Council must approve the appropriation for the division no later than May 15. Ultimately, the School Board Approved Budget document is drafted using final revenue data from the city and General Assembly.

BUDGET DEVELOPMENT OVERVIEW

SCHOOL OPERATING BUDGET

The graphic on the following page highlights major events that impact the budget process; however, the narrative more fully explains activities that contribute to the development and approval of the annual School Operating budget.

Groundwork for the annual process begins in September when staff from the Office of Budget Development prepare and publish a budget calendar that outlines key dates associated with the development, presentation, approval and appropriation of funds for school use. The chief financial officer (CFO) works with budget staff to draft a baseline budget using estimated revenues and expenditures and assuming the division will maintain current staffing levels, programs and policies. Adjustments are made to the baseline budget to account for the latest economic projections, revenue estimates and information about likely increases for expenditure types such as fringe benefits and purchased services (to execute contractual agreements).

During the annual budget kickoff meeting in October, the CFO provides budget managers with an economic update and revenue outlook for the upcoming fiscal year along with general directions for preparing their budgets.

Budget development strategies are communicated, and current budget challenges and priorities are discussed. From October through December, departmental budget requests are compiled and analyzed, and recommendations are formulated by the Office of Budget Development for executive review.

The Five-Year Forecast, a collaborative undertaking between VBCPS and city staff, is drafted and published each November and establishes underlying assumptions about expected costs, revenues, position turnover, inflation and enrollment that drive budget development. The forecast report is presented to the City Council and the School Board in a joint meeting. A public hearing is held during a School Board meeting in November or December to solicit public input on the School Operating budget.

The Governor's budget with projected state payments for each school division is introduced in December. In addition to estimated revenue information for the Standards of Quality (SOQ), incentive, categorical and lottery funded accounts, the Governor's budget release includes an electronic file that provides school divisions the opportunity to adjust average daily membership (ADM) to test the effect on state funding projections and local match requirements. The House of Delegates and the Senate have the opportunity to amend the Governor's budget proposals during the General Assembly session that convenes in January. The General Assembly adopts a final budget before the end of the session, which generally occurs in March.

VBCPS departmental requests are summarized and presented to the superintendent and senior staff in January to begin deliberations on unmet needs and budget priorities. If initial revenue estimates are unfavorable and a budget shortfall is predicted, these discussions will focus on cost-saving strategies and potential cuts that may be required to balance the budget. The SEON, considered the starting point for the following year's fiscal budget, is developed using the projected state payments outlined in the Governor's introduced budget and estimated local revenue figures provided by city staff. Following the February presentation of the SEON, the School Board conducts several budget workshops with the administration to facilitate discussion prior to developing and presenting the Proposed Operating Budget to the City Council in March. During this same period, an additional public hearing is held to offer the community an opportunity to be involved in the budget development process.

CAPITAL IMPROVEMENT PROGRAM BUDGET

Guided by a comprehensive Long-Range Facility Master Plan, the CIP reflects the capital maintenance and construction needs of the school division. Capital expenditures included as a project in the CIP typically cost at least \$100,000 and have a useful life of at least 20 years. In conjunction with the City Council, the School Board determines actual funding for the capital projects on an annual basis. The CIP budget addresses the current year's needs as well as planned capital projects over the succeeding five-year period. Projects may include acquisition, construction, renovation, betterment or improvement of land, school buildings and facilities; roof replacements; HVAC replacements; and equipment or vehicles.

The CIP budget development process closely follows the calendar and timeline of the School Operating budget, beginning with a preliminary meeting with city staff in September. After discussing plans and projects with staff from the city, CIP request forms are distributed to schools and offices and are returned to the administration in late October. A public hearing is held during a School Board meeting in November or December to solicit public input on plans for the CIP budget. Following the schedule for the School Operating budget, the CIP budget is presented to the School Board in February with the SEON. During budget workshops conducted in February and March, the School Board meets with the superintendent and senior staff to review and discuss the proposed sixyear plan for the CIP budget. Another public hearing is held in February to support community involvement in the CIP budget development process.

In 2007, VBCPS, Hirsch Bedner Associates and Cooperative Strategies worked in collaboration to develop a Long-Range School Facility Master Plan. This plan outlined a series of options for modernizing facilities within the division. In the 2007 plan, the timeline for school modernization and replacement was dependent upon a proposed funding level. Since that time, funding has dipped from the 2007 level of \$60 million per year, and construction costs have increased significantly. In the fall of 2017, VBCPS began the process to review and revise the 10-year-old facility master plan, specifically with an objective to update demographic, condition and program data and the intent to develop recommendations using new data and current funding levels. A steering committee

worked with the community to develop a new Long-Range School Facility Master Plan. This master plan was formally accepted by the School Board on Sept. 11, 2018 and will guide the division's work for the next 12-15 years.

BUDGET ADOPTION

In accordance with Virginia State Code, the School Board is required to present a balanced budget to the City Council on, or before, April 1. To meet that requirement, VBCPS' budget is delivered by formal presentation to the City Council each April. In the interest of time, a formal budget resolution is generally adopted by the School Board in March. After the School Operating and CIP budgets have been adopted and forwarded to the city for review, updated information related to revenue projections, debt service obligations, or employee compensation and benefits is analyzed and assessed, as it becomes available, to determine any impact the revised figures may have on the budgets.

Following deliberations about budget priorities and development, staff from the city and VBCPS coordinate efforts to make final adjustments to projected revenues and complete a budget reconciliation process. The City Council must approve the appropriation for the School Operating and CIP budgets no later than May 15. Once the City Council adopts a final budget ordinance in May, VBCPS has firm numbers for the share of local revenue the division will receive from the city. Since over half of VBCPS' funding comes directly from the city, understanding details about local revenue is critical for finalizing the budget development process. Once total amounts are known, the School Board Approved Operating Budget is drafted to present all revenue and expenditure details for the next fiscal year, which begins July 1.

BUDGET AMENDMENTS

Managing the annual budget for VBCPS is an ongoing cyclical process that encompasses the development, monitoring and review of activities for the current and future fiscal years. Once the budget is adopted by the City Council, it becomes the legal basis for the programs of each department during the fiscal year. The CFO and his budget staff conduct a comprehensive budget review toward the end of the fiscal year to address variances in estimated revenues, estimated expenditures and other changes to the division's financial condition.

Fiscal accountability is based on the established signature authority. Financial and programmatic monitoring of departmental activities occurs throughout the year and ensures conformity with the adopted budget. Budget amendments may be made to meet the changing needs of a school, a department and/or the division.

All local funding is appropriated by the City Council to the school division. The School Board may ask for an increase in the appropriation from the City Council, in accordance with the City/School Revenue Sharing Policy, that is included, for reference, in the appendix to this document. Amendments to the School Operating budget are made in accordance with School Board Policy 3-10, that governs the transfer of funds. The policy states that, "neither the School Board, the superintendent nor school staff shall expend nor contract to expend, in any fiscal year, any sum of money in excess of the funds available for school purposes for that fiscal year without the consent of the City Council."

BUDGET CALENDAR

FY 2021/22 Operating Budget and FY 2021/22-FY 2026/27 Capital Improvement Program Calendar

	2020
Oct. 7	A budget kickoff meeting is conducted to provide senior staff and budget managers with an economic update, revenue outlook and general directions for budget development
Oct. 7 - Dec. 11	Budget requests are submitted by senior staff and budget managers to the Office of Budget Development
Nov. 17	A Five-Year Forecast is presented to the School Board and the City Council
Dec. 4	Recommended part-time hourly rates for FY 2021/22 are submitted by the Department of Human Resources to the Office of Budget Development
Dec. 15	A draft of the Capital Improvement Program is prepared for the superintendent's review
Dec. 15	A public hearing is held to solicit stakeholder input and offer the community an opportunity to be involved in the budget development process
December (3 rd week)	State revenue estimates are released by the Virginia Department of Education
	2021
Jan. 4 - 15	Budget requests are reviewed, refined and summarized by the Office of Budget Development
Jan. 12	The recommended Capital Improvement Program budget is presented to the superintendent and senior staff
Jan. 12	The unbalanced School Operating budget is presented to the superintendent and senior staff
Feb. 2	The Superintendent's Estimate of Needs for FY 2021/22 is presented to the School Board (Special School Board meeting required)
Feb. 2	The Superintendent's Proposed FY 2021/22-FY 2026/27 Capital Improvement Program budget is presented to the School Board (Special School Board meeting required)
Feb. 9	School Board Budget Workshop #1 is held
Feb. 9	A public hearing is held to solicit stakeholder input and offer the community an opportunity to be involved in the budget development process
Feb. 16	School Board Budget Workshop #2 is held
Feb. 23	School Board Budget Workshop #3 is held
Mar. 2	School Board Budget Workshop #4 is held
Mar. 2	The FY 2021/22 School Operating budget and the FY 2021/22-FY 2026/27 Capital Improvement Program budget are adopted by the School Board (Special School Board meeting required)
Mar. 9	The FY 2021/22 School Board Proposed Operating budget is provided to city staff
April	The FY 2021/22 School Board Proposed Operating budget and FY 2021/22 - FY 2026/27 Capital Improvement Program budget are presented to the City Council (Sec. 15.1-163)
No Later Than May 15	The FY 2021/22 School Board Proposed Operating budget and FY 2021/22 - FY 2026/27 Capital Improvement Program budget are approved by the City Council (Sec. 22.1-93; 22.1-94; 22.1-115)

SCHOOL BOARD FUNDS

BUDGETARY BASIS

Like other state and local governments and public school divisions, the accounts of the School Board are organized on the basis of funds, each of which is considered a separate accounting entity. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The elements used to classify revenues and expenditures can be viewed as a financial pyramid, with funds at the top and account types at the bottom representing the lowest level of detail. All the funds of the School Board are classified as Governmental funds, Proprietary funds or Fiduciary funds. Next, funds are characterized by major category classification (Instruction; Administration, Attendance and Health; Pupil Transportation; Operations and Maintenance; and Technology). Revenue and expenditures are then budgeted by type. The chart below displays the relationship between each fund within VBCPS as a whole and indicates the fund type as well as the total appropriations for each.

The Stranger of the Stranger o School Operating Cell Tower Technology Flexible Benefits Green Run Collegiate Equipment Replacement Forfeiture Health Insurance Athletics Instructional Technology Cafeterias Risk Management **Fund** Textbooks Categorical Grants **Vending Operations** Capital Projects Operations and Maintenance Instruction **Major Category** Technology Administration, Attendance and Health **Pupil Transportation** Classification Revenue Types: Federal, State, State Sales Tax, Local, Fund Balance and Transfers Expenditure Types: Personnel, Fringe Benefits, Purchased Services, **Type** Other Charges, Materials and Supplies, Capital Outlay, Improvements and Transfers

Fund Classification	Fund Type	Description	School Board Fund	Budget Basis	Accounting Basis
Governmental funds – account for operating, special revenue and capital project activities	General fund	The General fund is the general operating fund of the School Board that is used to account for all of the financial resources, except those required to be accounted for in another fund. Funds are allocated separately between the School Operating budget and Green Run Collegiate (GRC) charter school.	School Operating Green Run Collegiate	Modified Accrual	Modified Accrual

Payroll Deductions Fringe Benefits School Activity Accounts	Accrual	Accrual

FUND DESCRIPTIONS

GENERAL FUND

The General fund is the general operating fund of the School Board that is used to account for all of the financial resources, except those required to be accounted for in another fund. Funds are allocated separately between the School Operating budget and Green Run Collegiate (GRC). Within the fund, revenue and expenditures are budgeted by type. The budget is divided into five major category classifications: Instruction; Administration, Attendance and Health; Pupil Transportation; Operations and Maintenance; and Technology.

CAPITAL PROJECTS FUND

The CIP budget outlines the basic financing plan for capital needs. The Capital Projects fund tracks financial transactions used for the acquisition, construction or renovation of school buildings and sites, along with other major capital improvements. While the dollars budgeted in this fund address only the current year's needs, the CIP actually has capital projects programmed over a six-year span.

SPECIAL REVENUE FUNDS

The Special Revenue funds are used to account for the proceeds of specific revenue sources (other than capital projects), which are legally restricted or committed to be expended for specified purposes.

ATHLETICS: The Athletics fund accounts for the costs of holding athletic activities at the division's schools. Typical expenditures consist of coaching supplements, security staff, event officials, post-season travel, equipment, uniforms and supplies. The primary source of revenue for the Athletics fund is a transfer from the School Operating fund that supplements the money generated from event admission receipts, monies received for participation in post-season tournaments and interest earned on deposits.

CAFETERIAS: The Cafeterias fund is used to account for the procurement, preparation and serving of student breakfasts, snacks and lunches. The primary revenue sources are receipts from food sales and reimbursements from the federal school lunch program.

CATEGORICAL GRANTS: The Categorical Grants fund is used to account for federal, state, local, nonprofit and private industry grants that support instructional programs. Most grants are legally restricted or dedicated to be expended for specified purposes.

CELL TOWER TECHNOLOGY: The Communication Towers Technology fund accounts for payments from the leasing of School Board property for commercial wireless communication towers. The funds received from lease payments and the interest earned is used to acquire and replace/repair technology resources including computers, software, wiring, training, facsimile, multi-functional devices and interactive whiteboards.

EQUIPMENT REPLACEMENT: The Equipment Replacement fund provides funding to support an equipment replacement cycle for selected capital equipment for schools and support departments.

INSTRUCTIONAL TECHNOLOGY: The Instructional Technology fund provides for the cyclical replacement of classroom and instructional computers/devices.

TEXTBOOKS: The Textbooks fund is used for the acquisition of textbooks (online and print) and related materials for students.

VENDING OPERATIONS: The Vending Operations fund is predominantly supported through receipts relating to the bottled drinks vending operations of the school division (through a long-term exclusive contract with a vending company). Proceeds from this contract are used to support student and staff activities.

INTERNAL SERVICE FUNDS

Internal Service funds are used to account for the financing of goods and/or services provided by one department or agency to other departments or agencies of the governmental unit (and other governmental units) on a cost-reimbursement basis.

HEALTH INSURANCE: The Health Insurance fund provides a means for accounting for health insurance and the administration thereof for city and school employees.

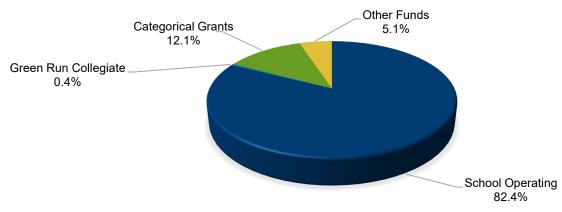

RISK MANAGEMENT: The Risk Management fund provides for the administration of the workers' compensation program, the centralization of self-insurance accounts for liability and the purchase of commercial insurance.

FY 2021/22 BUDGET AT A GLANCE

BUDGET SUMMARY

The FY 2021/22 SEON, including General funds, Categorical Grants and other funds, totals \$1,005,521,770. This is an increase of \$90,248,080, or nearly 9.9 percent, from the FY 2020/21 budget that totaled \$915,273,690. The following chart shows that the majority of total FY 2021/22 revenues and expenditures for VBCPS can be accounted for in the School Operating budget. The additional tables provide detailed data by major source of revenue and type of expenditures.

Total FY 2021/22 Superintendent's Estimate of Needs - All Funds

Note: Due to rounding, percentages may not total 100 percent.

NET BUDGET OF ALL FUNDS

The calculation of the net budget is illustrated below and involves eliminating the duplication of funding between various VBCPS accounting funds (interfund transfers). For example, the transfer of revenues from the School Operating fund to Green Run Collegiate, categorical grants and athletics would be duplicated if not netted-out of the calculation below.

BUDGETARY PRIORITIES/CHALLENGES

There are many factors unique to school divisions that can trigger educational cost increases that outpace inflation. For example, increases in labor costs, changes in legislation, rising inflation and new/expanded programs Understanding these factors provides a greater appreciation of the financial challenges that schools confront today and of the context in which budgeting decisions must be made.

SCHOOL SAFETY

Because children and schools are the heart of a community, the topic of school safety and security is routinely discussed and analyzed. In April 2018, VBCPS Superintendent Dr. Aaron Spence called for the formation of a Blue Ribbon Panel on School Safety and Security to analyze the school division's safety procedures, infrastructure and practices. This panel was to identify the division's current best practices as well as potential areas of improvement. The panel presented 11 recommendations to the School Board during a summer retreat in 2018, and several enhancements have been completed to bolster security infrastructure throughout the division.

VBCPS has been proactive with school safety measures, taking actions to keep exterior doors locked, install video intercom systems at the main entrance of schools, mount additional cameras that are monitored using closed circuit television systems and post security staff in school lobbies to screen visitors. Of significant importance, VBCPS continues to partner with the Virginia Beach Police Department to provide uniformed School Resource Officers in all secondary schools. In addition to tackling the physical safety of students, the Blue Ribbon Panel also recommended ways to help students' mental health and wellbeing. School administration has continued to develop, implement and expand the use of new and existing resources, where appropriate, to meet the Blue Ribbon Panel's recommendations.

TECHNOLOGY

The division's new strategic framework, *Compass to 2025*, took effect July 1, 2020. One of the strategies linked to the overarching goal of Student Ownership of Learning is to expand upon the effective and efficient use of technology to meet students' individual needs and provide them with the tools for accessing, creating and sharing knowledge. In support of the new strategic framework, the division's 1:1 technology initiative provides

Chromebooks to every student in the division. Additionally, the division has allocated one-time funding from multiple sources to replace broken and aging whiteboards with standalone interactive displays to further support transformational learning experiences for all students. This project will make it possible for students and staff to take advantage of enhanced features available in these interactive flat panel systems while alleviating the costly maintenance needs of the projector-based systems currently in place. The fiscal challenge moving forward will be to identify approximately \$1.7 million in funding for ongoing annual expenses related to replacement interactive whiteboards.

Technology has proved to be instrumental during the COVID-19 pandemic and has provided a resource for students to succeed in the classroom. As a result of federal dollars released through the Coronavirus Aid, Relief, and Economic Security (CARES) Act, VBCPS has purchased items such as upgraded laptops and essential computer peripherals for teachers; laptop cases to protect student devices; additional outdoor wireless connectivity at schools; Chromebooks; iPads; an internet filtering and classroom management software solution; and assistive technology for students with special needs. Additionally, VBCPS has been able to address barriers to internet access by providing mobile hotspots for students in need and monthly internet subsidies for low-income families.

EMPLOYEE COMPENSATION AND WORKFORCE CHALLENGES

The 2020 global pandemic has exacerbated the existing national teacher shortage as more and more teachers leave their jobs during this time of economic uncertainty. It remains to be seen whether these teachers will return once the health crisis becomes more stable. This phenomenon coupled with the short supply of newly trained teachers is particularly challenging in school year 2020/21. In support of goal four of the Strategic Framework, VBCPS is focused on placing a premium on recruiting, hiring, supporting and retaining high-quality staff in all positions. One of the top strategies aimed at addressing this goal is to provide a competitive compensation and

benefits plan for employees. While VBCPS ranks first in the Hampton Roads region for entry-level teacher salary compensation, the division lags in several other compensation milestones.

The division began the process of addressing salary compression on both the unified and instructional experience-based step pay scales. However, due to budgetary constraints arising from the COVID pandemic, the school division was not able to continue addressing salary compression on the scales and only provided minimal compensation increases in FY 2020/2021. Since 2006, additional needs have been identified in other areas of compensation to make the division competitive with the local market. These needs continue to include increasing educational allowances for advanced degrees; increasing the value of additional duty supplements; reclassifying teacher assistants to place them on one pay grade versus six different ones; market realignment of identified clerical positions; and moving selected teacher positions from the unified to the instructional pay scale. These improvements would require budget increases totaling approximately \$12.8 million in ongoing, annual expenses.

The division completed a targeted compensation study of the division's clerical jobs. While most of the jobs were found to be in alignment with the market, there are some jobs that are out of alignment. The anticipated cost to adjust these jobs is \$936,000.

EMPLOYEE BENEFITS

VBCPS is budgeting a 3.0 percent increase to the employer costs in FY 2021/22. This favorable trend (below the national median average of 6.0 percent) can be attributed to plan design changes, better education and

communication, implementation of an online enrollment tool, a partnership with the Sentara Quality Care Network and a redesigned employee wellness program. As a result of these improvements, the health fund balance has grown over the last few years. The Benefits Executive Committee (a group with members from the city and school staffs) along with Mercer, a health care consulting firm, will continue to monitor medical expense claims, workplace needs, market trends and federal legislation that could impact costs.

STATE AND FEDERAL MANDATES

VBCPS must comply with state and federal mandates that significantly impact division wide needs and priorities. Mandates are not always funded and can pose a financial burden on school divisions and localities and school divisions. In 2011, the Virginia General Assembly created the Governor's Task Force for Local Government Mandate Review. The task force was asked "to review state mandates imposed on localities and to recommend temporary suspension or permanent repeal of such mandates, or any other action as appropriate." In August 2015, the Governor's Task Force issued an interim report with recommendations for the General Assembly to consider. This task force expired on July 1, 2018; no additional reports have been issued.

As of December 2019, the total impact of state and federal unfunded mandates to VBCPS was \$44.0 million. Approximately \$16.0 million of that total are for mandates that originated either from the General Assembly or the Virginia Department of Education (VDOE).

STRUCTURALLY FLAWED OPERATING BUDGET

The FY 2020/21 budget marks the eleventh consecutive year VBCPS has had to rely on one-time reversion funds to augment the School Operating budget and pay for recurring expenses. While the use of one-time funding has helped bridge the gap between expenditures and available revenues, the use of these funds to pay for ongoing costs has created a structural imbalance that requires recurring revenue to resolve. Relying on one-time dollars for ongoing expenses is simply not a sustainable budget strategy. Therefore, to correct this structural imbalance, the use of this one-time funding will be reduced from \$5.8 million in FY 2020/21 to \$5.3 million in FY 2021/22.

SCHOOL OPERATING BUDGET HIGHLIGHTS

The School Operating budget provides for the day-to-day operations and maintenance of the division. Given that 82.4 percent of the total FY 2021/22 budget is appropriated in the School Operating fund, additional details are provided. The proposed FY 2021/22 School Operating budget totals \$828,816,993. This is an increase of a little over 37.2 million, or 4.7 percent, from the FY 2020/21 budget of \$791,599,982.

REVENUE HIGHLIGHTS

In the FY 2021/22 budget, local contributions continue to be the most substantial source of revenue for VBCPS. The Commonwealth of Virginia provides the next largest source of revenue to through state aid and sales tax revenues. The remaining revenues are obtained from federal aid, tuition, fees and other sources.

- From the local appropriation received, funds are first distributed to debt service and Pay-As-You-Go (PAYGO) CIP (current revenue that pays for capital projects). The remainder of funds are then appropriated to the General fund.
- Debt Service funds are managed and controlled by the city of Virginia Beach. The funds are deducted from the city's local contribution to the division, reducing the amount appropriated for the School Operating budget. The total Debt Service payment for FY 2021/22 is estimated at \$49,442,812, which represents an increase of \$1,812,484, or 3.8 percent, from the FY 2020/21 amount of \$47,630,328.
- VBCPS receives most of its funding, 51.0 percent, from local contributions. The FY 2021/22 local contribution (generated through the Revenue Sharing Formula and other local contributions) totals \$422,186,281 an increase of nearly \$27.3 million, or 6.9 percent, over the FY 2020/21 amount of \$394,889,644.
- In Virginia, school divisions receive the majority of state aid based on their local composite index (LCI).
 Counties and cities with a lower composite index receive more state funding than those with a higher index.
 The state calculates the LCI every two years. Calculations for the 2020-2022 biennium budget resulted in an increase for Virginia Beach's LCI from .4046 to .4082, triggering a slight loss in state funding.
- State revenue for FY 2021/22, which accounts for 37.6 percent of total operating revenue, increased by \$13,526,056, compared to the FY 2020/21 budget of \$297,791,599. The FY 2021/22 total is \$311,317,655 and equates to a 4.5 percent increase. This revenue source includes nearly \$12.5 million in No Loss Funding that will be used to offset a reduction in funding due to reduced enrollment caused by the Novel Coronavirus Disease 2019 (COVID-19). The second component of state revenue, sales tax, decreased by \$2,696,682, or 3.4 percent, compared to the FY 2020/21 Approved Budget of \$79,209,739. Projected sales tax receipts represent 9.2 percent of VBCPS' revenue.
- The FY 2021/22 budget includes \$13.5 million in federal revenue. This amount reflects level funding compared to the FY 2020/21 budget.
- In prior years, VBCPS has relied on fund balance or reversion funds to maintain critical services in response to the recession and significant losses of state funding. VBCPS will use \$5.3 million of School Reserve (reversion) revenue to balance the FY 2021/22 School Operating budget. The School Reserve revenue amount represents a decrease of \$500,000 below the previous fiscal year when VBCPS used \$5.8 million of this one-time funding source to balance the School Operating budget.

VBCPS Local Revenue Budget Comparison

	FY 2017/18	FY 2018/19	FY 2019/20	FY 2020/21	FY 2021/22
Revenue Sharing Formula	427,710,350	442,120,415	447,578,560	438,551,631	467,760,752
Less: Debt Service	(44,947,680)	(41,951,320)	(43,313,882)	(47,630,328)	(49,442,812)
Less: Pay-as-you-go	-	(500,000)	(721,541)	-	<u>-</u> '
Local General Fund Revenue Total	382,762,670	399,669,095	403,543,137	390,921,303	418,317,940

BUDGET BALANCING AND EXPENDITURE HIGHLIGHTS

This budget reflects considerable increases in revenue, primarily at the local level. The combination of this additional revenue and cost saving efforts to reprioritize budget line items and reallocate existing resources will allow the division to address several of the School Board's funding goals and priorities. There are many unpredictable factors affecting the projection of revenue and expenditures. As such, VBCPS develops and utilizes budget assumptions that are based on data and information available at the time the budget is formulated. To balance the FY 2021/22 School Operating budget, the following steps were taken:

Sources of revenue have been analyzed for use in developing a balanced budget. The city shared information
about local revenue contributions and debt service. The Governor's Introduced Amendments to the 20202022 Biennial Budget was used to determine state funding for FY 2021/22. School divisions are provided the
option of using the Governor's projection for ADM or entering a local estimate for enrollment projections.

- VBCPS chose the local ADM estimate of 64,611 provided by the internal demographer to determine state funding projections for next fiscal year.
- Adjustments were made to reduce the baseline by strategically reprioritizing and realigning budget items.
 Accounts linked to operational efficiencies were reevaluated to generate additional savings. The FY 2021/22
 budget also includes baseline personnel reductions and anticipated savings from employee turnover and
 vacancies. Position turnover represents the savings realized when experienced employees retire or leave the
 system and are replaced by workers with less experience, who earn a lower salary. These types of savings
 are impacted by changes in the economy, compensation adjustments, and other VBCPS employee initiatives.
- Revenue reserve funding has been included in the FY 2021/22 SEON as a result of the changing economic conditions resulting from COVID-19.
- The compensation parameters in the FY 2021/22 SEON have been updated to move all eligible employees up an experience step (0.5 percent), not to exceed the "top of scale" and to provide a 4.5 percent cost of living adjustment (COLA). The projected cost for these increases is over \$27.8 million inclusive of benefits. The Governor's Introduced Amendments to the 2020-2022 Biennial Budget includes a one-time bonus payment for funded SOQ instructional and support personnel. To receive the incentive funding, a school division must certify to VDOE that a minimum average two percent, or equivalent action, will be provided in FY 2021/22, by Sept 1, 2021. The salary increase will allow the division to access these supplemental state funds amounting to a little over \$4.0 million for FY 2021/22.
- Funding has been allocated in the budget to increase allowances for advanced degrees, upgrade school counseling department chairs and move all custodians up one pay grade.
- The number of elementary guidance counselors (13.0 FTEs) and middle school counselors (3.0 FTEs) have been increased to meet SOQ requirements based on an amendment that reduces the staffing ratios to 325-to-1 in all schools.
- Restored non-FTE expenditures that were reduced in the FY 2020/21 budget in order to balance to projected revenue shortfalls at both the local and state level as a result of COVID-19.
- Funding has been identified to support special education program mandates, increase the local match required for the Virginia Preschool Initiative and to pay additional costs associated with grounds/landscaping.
- Additional positions and related expenses have been added to expand the Spanish Immersion Program and support the Environmental Studies Program at the Brock Center.

UNMET NEEDS

As part of the budget development process, departmental requests are summarized and presented to the superintendent and senior staff to begin deliberations on unmet needs and budget priorities. Within the first quarter of the fiscal year, the superintendent and senior staff consider one-time requests that could not feasibly be funded in the School Operating budget to determine the appropriate use(s) for any reversion funds. The following lists provide an approximate accounting of the division's unmet operating and technology needs.

OPERATING NEEDS

Description (not in priority order)		One-Time	Annual
Eliminate need for one-time funds in balancing budget	\$	5,300,000	
Additional personnel costs:			\$ 11,915,264
\$ 2,913,851 Increase allowances for advanced degrees			
\$ 5,034,981 Move all teacher assistants to Grade U10 (inc	uding equity adjustments)		
\$ 1,262,972 Revise and increase additional duty suppleme	nts		
\$ 936,462 Upgrade identified clerical positions			
\$ 931,628 Upgrade all bus drivers to Grade U10			
\$ 555,480 Provide an allowance for teacher assistants th	at hold a Bachelor's degree		
\$ 279,890 Early commitment signing incentives			
Paint entire interior of ten schools	\$	1,500,000	
Infrastructure upgrades to support scratch cooking initiative (electric	cal, plumbing and equipment replacement)	\$ 500,000	
Activity bus replacement (6)	9	\$ 336,000	
Replace stage curtains at various schools	\$	\$ 180,000	
Replacement of basketball scoreboards (six high schools and eight	middle schools)	\$ 180,000	
Additional access controls on doors	\$	\$ 105,000	
Replace security cameras at various facilities	\$	\$ 84,500	
White fleet replacement vehicles			\$ 769,000
	Operating Needs Total \$	8,185,500	\$ 12,684,264

TECHNOLOGY NEEDS

Description (not in priority order)		One-Time	Annual
Telephone system replacement		\$ 8,000,000	\$ 2,000,000
Wireless network replacement		\$ 755,000	
Data governance solution to prevent data security issues		\$ 225,000	\$ 225,000
Internet access for facilities who qualify for free and reduced lunch		\$ 1,500,000	\$ 1,500,000
	Technology Needs Total	\$ 10,480,000	\$ 3,725,000

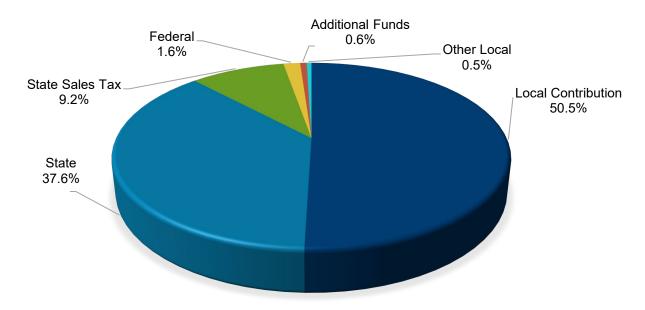

GENERAL FUND

The General fund is the general operating fund of the School Board that is used to account for all of the financial resources, except those required to be accounted for in another fund. Funds are allocated separately between the School Operating budget and Green Run Collegiate (GRC) Charter School.

Because over 82.0 percent of the total FY 2021/22 budget is appropriated in the School Operating fund, details and brief descriptions of the different revenue and expenditure types, classifications and categories are provided in the charts on the following pages.

SCHOOL OPERATING FUND REVENUE SOURCES

As previously mentioned, local contributions continue to be the most substantial source of revenue for VBCPS.

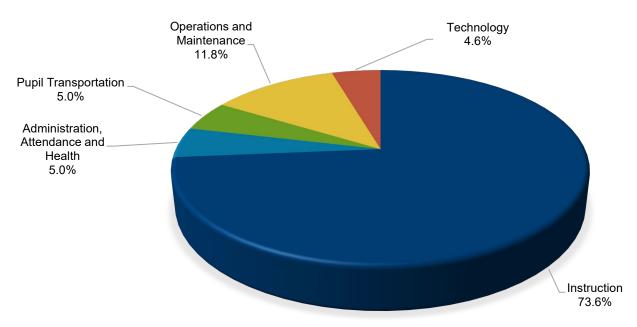

Note: Due to rounding, percentages may not add to 100 percent.

Federal\$13,500,00 General funds and categorical funds (primarily Impact Aid revenue))0
State\$311,317,65 SOQ payments, incentive funds, lottery proceeds and categorical amounts established by the General Assembly on a biennial basis	
State Sales Tax\$76,513,05 State sales tax (1.125 percent) dedicated to public education and distributed to school divisions based on the number of school-age children residing in the locality	57
Local Contribution\$418,317,94 Appropriation from the city of Virginia Beach (calculated using the RSF)	10
Other Local	11
Additional Funds (non-recurring)\$5,300,00 School Reserve (reversion))0
Total School Operating Fund Revenue Sources\$828,816,99	3 3

SCHOOL OPERATING FUND BY MAJOR CATEGORY CLASSIFICATION

As expected, the majority of the School Operating budget is allocated to fund instructional programs. This is illustrated by the fact that proposed expenditures for instruction represent 73.6 percent of the FY 2021/22 budget.

Employee compensation is comprised of salaries and employee benefits. The chart on the following page highlights that the majority of the FY 2021/22 budget is used to fund employee compensation costs. The combined amount budgeted for salaries and benefits totals nearly 84.6 percent of School Operating fund expenditures.

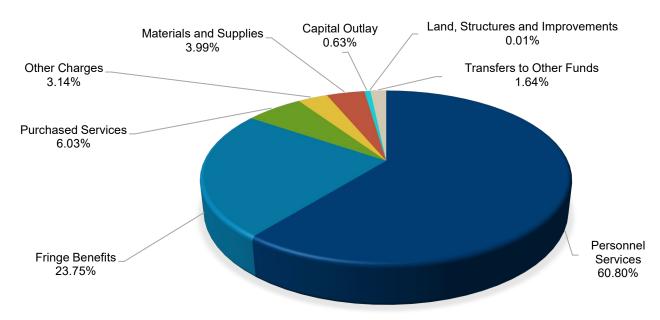

Note: Due to rounding, percentages may not add to 100 percent.

MAJOR CATEGORY CLASSIFICATION

Instruction	
Includes: activities that deal directly with the interaction between teachers, aides or classroom assistudents	stants and
Administration, Attendance and Health	
Pupil Transportation	
Includes: activities concerned with transporting students to and from school as mandated by state a	and federal law
Operations and Maintenance	\$97,446,927
Includes: activities concerned with keeping the school plant open, comfortable and safe for use, an grounds, buildings and equipment in effective working condition	d keeping the
Technology	\$37,741,103
Includes: technology-related expenditures as required by the General Assembly	
Total School Operating Fund by Major Category Classification	\$828,816,993

SPECIAL REVENUE FUNDS

Although the majority of the total FY 2021/22 School Operating budget is accounted for in the General fund and intended to support day-to-day activities, Special Revenue funds function to supplement the School Operating budget and equate to almost \$172.5 million, or 17.2 percent, of the total budget for VBCPS. These funds are legally restricted and must be spent for specific purposes. The charts below show the breakdown of revenues by major source and expenditures by type for VBCPS budgeted special revenue funds. FY 2021/22 budget for all special revenue funds is expected to increase considerably by over \$52.9 million from FY 2020/21. This is mostly as a result of federal dollars released through the CARES Act and the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act.

CATEGORICAL GRANTS

VBCPS receives additional revenue by securing grants to help fund specific initiatives. The Categorical Grants fund is used to account for federal, state, local, nonprofit and private industry grants that support instructional programs. Categorical grants range in size, scope, administration and purpose. They are subject to budget appropriations from the federal and state governments and are typically legally restricted or dedicated to be expended for specified purposes. Grant-funded services, programs and personnel may be affected if award amounts are reduced or eliminated.

Award amounts from FY 2020/21 are used to project program funding estimates for anticipated FY 2021/22 grant revenues. Adjustments are typically made during the first and second quarters of the fiscal year to reflect actual award notifications. Available year-end balances for some grants may carry forward across fiscal years

because they are awarded on a multi-year basis. In these instances, current year revenues and expenditures are estimated to prepare carryover budgets for the following year. Grant budgets are amended throughout the fiscal year, to align expenditures with total revenue. Based on required compensation adjustments and/or adopted salary increases, the allocation of positions and other expenditures are modified as needed to balance the budgets for categorical grants.

A reserve is maintained in the Categorical Grants fund to provide appropriation authority funding for grant awards received during the fiscal year. For FY 2021/22, \$7.2 million is budgeted as a reserve for contingency. The projected FY 2021/22 budget for

Categorical Grants is \$121,655,222 and includes 516.5 FTE positions. This is an increase of \$52,191,911, or 75.1 percent, from the FY 2020/21 Adopted Budget that totaled \$69,463,311. Categorical Grant funds are projected to account for 12.1 percent of the FY 2021/22 total budget.

Two federal projects, Title VI, Part B, Individuals with Disabilities Education Act of 2004 (IDEA, Section 611), (\$19,985,042), and Title I, Part A, Improving the Academic Achievement of the Disadvantaged (\$14,533,449),

account for 28.4 percent of the Categorical Grants revenue budget. Title I, Part A, provides financial assistance through state educational agencies to school divisions and public schools with high numbers or percentages of children from low-income families to help ensure that all children meet challenging state academic content and achievement standards. Except as otherwise provided, amounts awarded to a Local Education Agency (LEA) under Title VI, Part B, may be used only to pay the excess costs of providing special education and related services to children with disabilities. Excess costs are those costs for the education of an elementary school or secondary school student with a disability that are above the average annual per student expenditure incurred by an LEA during the preceding school year, as may be appropriate.

Historically, nearly half of the funding accounted for in the Categorical Grants fund can be attributed each year to these two federal programs. For FY 2021/22, this percentage is reduced due to federal funding received under the CARES Act and CRRA Act to address the impact COVID-19 has had and continues to have on schools. These two federal relief programs represent nearly 39.3 percent of the Categorical Grants fund for FY 2021/22.

VDOE calculates and publishes LEA indirect cost rates each fiscal year. These rates apply to requests for reimbursement of indirect cost expenditures. Each grant award contains specific requirements regarding whether indirect costs may be recovered and whether the restricted or unrestricted rate should be used. LEA indirect cost rates are to be used by school divisions to recover the indirect costs associated with the administration of federal grants. As required by the U.S. Department of Education, the FY 2020/21 rate used to calculate indirect costs for the FY 2021/22 budget is 2.5 percent.

OTHER FUNDS

Other funds are used to account for the proceeds of specific revenue sources that are legally restricted or committed to be expended for specific purposes. Other funds are projected to account for 5.1 percent of the FY 2021/22 total budget. The Cafeterias and Textbook funds represent the two largest budgets of all other funds. The Cafeterias fund is used to account for the procurement, preparation, and serving of student breakfasts, snacks and lunches. The primary revenue sources are receipts from food sales and the federal school lunch program. The projected FY 2021/22 budget for the Cafeterias fund is \$36,437,372.

Revenue budgeted in the Textbooks fund is used for the acquisition of textbooks (online and print) and related materials for VBCPS students. The total budget for the FY 2021/22 Textbooks fund is \$6,237,402. State funding is provided for textbooks on a per pupil basis. For FY 2021/22, it is anticipated that VBCPS will receive \$4.1 million in state revenue for textbooks.

OPERATING COSTS OF AVERAGE DAILY MEMBERSHIP

State K-12 SOQ spending in school divisions is driven by student enrollment and local ability to pay. The VBCPS 2020/21 actual Sept. 30 student membership for K-12 was 63,836. This amount is 2,980 students, or 4.46 percent, below student membership from the same period in 2019/20. The decline in student enrollment can be attributed to several factors related to the COVID-19 pandemic. Some students enrolled in private schools or other virtual programs, more parents opted to homeschool their children and many military transfers were put on hold due to the pandemic.

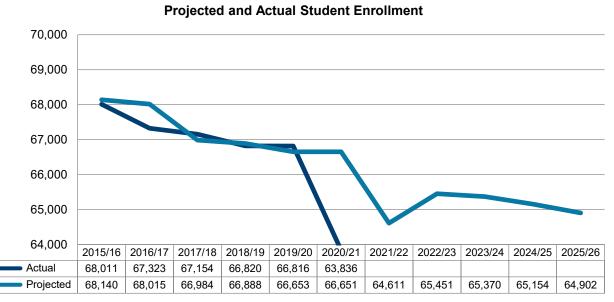

The FY 2021/22 School Operating budget was developed using a student membership projection of 64,611. This is slightly higher than the ADM of 63,693.35 used in the development of the Governor's Introduced Amendments to the 2020-2022 Biennial Budget.

STUDENT ENROLLMENT

The school division uses a cohort survival model to generate base student membership projections. This model essentially compares the number of students in a particular grade to the number of students in the previous grade during the previous year. Ratios are computed for each grade progression over a multiyear period and are then used to project future enrollments. To project kindergarten enrollment, birth data lagged five years behind its respective kindergarten class is used to calculate a cohort ratio. Student projections are further adjusted using analysis generated in the school division's Geographic Information System, a detailed analysis of residential housing trends, Virginia Beach resident birth rates and other available data that may impact student enrollment.

For the past several years, data from the Office of Demographics and Planning have demonstrated how recent economic conditions have had a significant impact on the division's student membership. Factors such as the increasing number of students in shared housing and homeless situations, fluctuations in the numbers of students opting to attend private schools, and volatility in the real estate market have created instability in VBCPS' student enrollment. Between FY 2015/16 and FY 2020/21, VBCPS student enrollment declined by 6.1 percent. According to the Weldon Cooper Center for Public Service at the University of Virginia, VBCPS is among the majority of Virginia school divisions with respect to declining enrollment trends. In 90 of Virginia's 133 counties and cities, student enrollment has fallen since 2010. Over the next five years, statewide student enrollment is likely to dip moderately and, according to the Center, Hampton Roads is expected to experience one of the largest numeric declines.

The graph and table below show the actual and projected enrollment in the division for fiscal years 2015/16 through 2025/26.

PERSONNEL RESOURCE ALLOCATIONS

STAFFING PROCESS AND TIMELINE

The allocations of instructional personnel in Virginia Beach are based on guidelines that meet or exceed the SOQ, the accreditation requirements of Virginia and core class size caps as adopted by the School Board. All staffing projections are done on a school-by-school basis. The number of classroom teachers and many other positions provided at each school is based on specific staffing formulas for each program level. For instance, the number of classroom teachers assigned to an elementary school is determined by the number of students based on a pupil-teacher ratio. At the secondary level, class size is influenced by the number of students and class schedules. The complete VBCPS Staffing Standards and Guidelines are included in the Appendix of this document.

Elementary Ratio of Students to Teaching/Instructional Personnel

Fiscal Year	Teaching Positions	End-of-Year Membership K-7	VBCPS Elementary Student/Teacher Ratio	State Average Elementary Student/Teacher Ratio
2015/16	2,897	41,668	14.4	13.1

STAFFING ALLOCATION SUMMARY

For FY 2021/22, VBCPS expects to employ a total of 10,535.97 FTE positions for all funds, a decrease of 18.0 FTEs from the previous year's budget. Allocations for the School Operating fund show a net decrease of 26.0 FTEs from the FY 2020/21 budget and positions in the Categorical Grants and other funds show an increase of 8.0 FTEs from the previous year.

STAFFING HIGHLIGHTS

- Changes in the instruction category include a reduction in FTEs due to enrollment changes, additional FTEs
 for the expansion of the Spanish Immersion program, an additional instructional position to support the
 Environmental Studies Program at the Brock Center, additional school counselor positions (16.0 FTEs) and
 the realignment of FTEs between cost centers as a result of the implementation of a new Chart of Accounts in
 FY2020/21.
- Changes in the administration, attendance, and health; pupil transportation; and operations and maintenance
 categories include an additional school nurse, an additional FTE to support the Consolidated Benefits Office
 and the reallocation of existing FTEs to align with the current organizational structure.
- Changes in the Categorical Grants and other funds include the addition of (7.0 FTEs) funded on the CARES
 Act ESSER grant, an additional FTE funded on the Title II grant, an additional FTE funded on the Title IV, Part
 A grant, and the reduction of (-1.0 FTE) currently funded on the DoDEA MCASP GRIT grant which ends in FY
 2020/21.

The table below provides historical staffing information and illustrates net position changes from last year, organized by funding source and category. Additional tables that follow show detailed staffing comparisons. The table below provides historical staffing information and illustrates net position changes from last year, organized by funding source and category. CAPITAL IMPROVEMENT PROGRAM BUDGET SUMMARY

The 2021/22 - 2026/27 CIP proposes funding in the amount of \$619,653,047 for the entire six-year capital program. This amount includes funds for modernization and/or replacement of some of the oldest schools in the division. The primary funding source for the current modernization program is city-issued Charter Bonds.

COMPASS TO 2025 STRATEGIC FRAMEWORK

STUDENT-CENTERED FOR STUDENT SUCCESS

GOAL

academically by demonstrating the foundational literacies, core knowledge, and transferrable life skills outlined in the VBCPS Graduate Profile. Challenge and support all students to excel

EDUCATIONAL EXCELLENCE

EQUITY EMPHASIS

Identify and address inequities in achievement outcomes by investigating and implementing best practices and seeking innovative solutions.

STRATEGIES

- Pursue opportunities to expand early childhood education н.
- Further integrate reading and writing across the curriculum and implement a plan for monitoring and improving achievement in these areas. 7
- Develop, implement, and monitor a K-12 plan for improving mathematics achievement. 'n
 - Increase student access and opportunities for advanced
- Implement and share teaching practices that foster deeper learning and engagement and are adaptable to diverse student needs (with an emphasis on African American males and students with disabilities). level coursework. 5.
- Ensure there are explicit connections within the curriculum support students' acquisition of these skills and attributes. to the 5Cs and the attributes in the division's Graduate Profile and use the curriculum in all areas of study to 9
- Maintain a balanced assessment system with an emphasis on standards-based, performance-based, and student-led assessments to meet internal and external accountability requirements. 7
- to provide academic intervention and acceleration for Strengthen the use of Student Response Teams (SRTs) learners at all school levels. ∞

POTENTIAL INDICATORS INCLUDE:

reading on grade level; SOL performance; enrollment and performance in advanced courses, etc.

GOAL 2

STUDENT WELL-BEING

students and strengthens the social-emotional skills they need to become balanced, resilient learners Create an inclusive learning environment that supports the physical and mental health of all who are personally and socially responsible.

EQUITY EMPHASIS

Engage in culturally responsive practices divisionwide. Identify and address inequities in discipline practices by investigating and implementing best practices and seeking innovative solutions.

STRATEGIES

- environment that is conducive to student learning. Provide a safe, welcoming, and inclusive learning
- More deeply integrate social-emotional learning (SEL) into the PreK-12 curriculum. 5
- Engage in culturally responsive practices at the classroom, school, and division level. e,
- Increase student participation in school and community 4.
- Use responsive practices such as morning meetings and student advisories to support SEL. 5.
- Develop students' digital wellness by helping students learn to make responsible decisions in their use of technology. 9
- Address physical health through nutrition and fitness programs. 7
- behavioral and mental health needs and provide programs Implement procedures to systematically evaluate and services to meet identified needs. ∞.
- the positive behavioral interventions and supports (PBIS) framework to provide social, emotional, a<mark>nd behavioral</mark> Continue to use Student Response Teams (SRTs) and support to students. 6

POTENTIAL INDICATORS INCLUDE:

in extracurricular activities and community service, etc. student reported SEL skills; attendance; participation

STUDENT OWNERSHIP OF LEARNING

create a plan for pursuing their postsecondary goals. their passions, take ownership of their learning, and student-centered learning to help them identify Engage all students in rigorous, authentic, and

EQUITY EMPHASIS

Identify and address inequities in learning opportunities for students by investigating and implementing best practices and seeking innovative solutions.

STRATEGIES

- experiential learning opportunities with an emphasis on global, cross-curricular and real-world connections. Partner with students to create inquiry-based and ٠i
- Enable student ownership of learning through goal-setting and reflection with opportunities to make decisions in the Refine capacity for transformational learning by focusing earning process. 7 m
 - Expand upon the effective and efficient use of technology to meet students' individual needs and provide them with on the dispositions necessary for providing students with authentic, student-centered learning opportunities.
 - the tools for accessing, creating, and sharing knowledge. demonstrate their learning and inform the development Create and use online portfolios as a place for students to curate artifacts connected to the Graduate Profile to of their postsecondary goals and signature projects.
- an actionable plan for pursuing their postsecondary goals Engage all stakeholders in ensuring that all students have by effectively implementing the Academic and Career Planning (ACP) process K-12. 9
- Provide increased opportunities for student leadership development and input into school-level decisions. 7
- Further promote and expand equitable access to services and programs that support students' future aspirations, including real-world learning opportunities inside and outside of the classroom facilitated through mutually supportive partnerships. ∞

POTENTIAL INDICATORS INCLUDE:

student and parent perceptions of the ACP process; students participating in work-based experiences; meeting college entry benchmarks, etc.

COMPASS TO 2025 STRATEGIC FRAMEWORK

STUDENT-CENTERED FOR STUDENT SUCCESS

GOAL 4

AN EXEMPLARY, DIVERSIFIED WORKFORCE

and invests in a high-quality, diversified workforce Foster a positive working climate that values who exemplify the division's core values.

EQUITY EMPHASIS

Place a priority on recruiting, retaining, and promoting a workforce representative of our diverse student population.

STRATEGIES

- and benefit plan that includes differentiated compensation Remain focused on providing a competitive compensation for hard to staff positions and schools. ij
- it focuses on self-reflection, growth, effective feedback, Revisit the employee evaluation process to ensure it is aligned with the new strategic framework and that and coaching. 5
- Support intentional, focused, and innovative recruitment and retention efforts to increase the diversity and quality of various applicant pools. m,
- Promote and expand resources to support the health and well-being of all staff. 4.
 - for all staff focused on the division's vision, mission, Provide comprehensive onboarding and induction and core values. 5
- Provide a variety of personalized professional learning opportunities to all staff to support their professional growth and implementation of the strategies in Compass to 2025. 9
- Expand "Grow Your Own" programs to include more staff groups and increase opportunities for tuition reimbursement.

POTENTIAL INDICATORS INCLUDE:

staff demographics relative to student demographics; rank of the VBCPS compensation package compared to surrounding divisions; staff demographics; job satisfaction; perceptions of professional learning, etc.

GOAL 5

MUTUALLY SUPPORTIVE PARTNERSHIPS

to support student well-being, enhance real-world Cultivate mutually supportive partnerships — among families, schools, the division, businesses, military, faith-based, civic and city agencies earning, and broaden opportunities for career exploration and experience.

EQUITY EMPHASIS

Strengthen connections and communication with families and students in most need of additional support.

STRATEGIES

- supportive partnerships, setting expectations, monitoring Provide a comprehensive structure for defining mutually performance, and measuring equity.
- strengthen the role of the community engagement liaison to further attract, cultivate, and retain partnerships to support student achievement, future aspirations, and Broaden resources and networking opportunities to well-being.
- organizations to support a variety of learning experiences Build partnerships with diverse groups of businesses and during and outside of the school day. w.
- Partner with local agencies to provide wraparound services for students including healthcare, nutrition, academic and social-emotional supports. 4.
- Foster authentic communication outlets to engage the community. 5
- Provide training and resources to staff and families to strengthen communication and promote strong partnerships between home and school.

POTENTIAL INDICATORS INCLUDE:

number of partnerships, partners, and volunteers; satisfaction with events, programs, and resources provided to families to support students; partner perceptions and satisfaction, etc.

ORGANIZATIONAL EFFECTIVENESS & EFFICIENC

resources, operations, and processes to support the Pursue the effective and efficient use of division division's vision, mission, and strategic goals.

EQUITY EMPHASIS

Ensure equitable distribution of human, fiscal, and capital resources across the division.

STRATEGIES

- Manage and distribute all resources (human, fiscal, capital) proactively, equitably, and responsibly based on needs.
 - review key operating metrics that promote transparency, making, collaboratively develop, measure, and formally With a continued focus on student-centered decision organizational effectiveness, and efficiency. 5
- (e.g., equity audits, program evaluations, fiscal audits, Use data from a variety of reporting mechanisms after action reports) to engage in data-informed decision making.
- and communication to strengthen and align operations. Create opportunities for cross-departmental planning 4.
- Keep informed of trends and best practices and implement as appropriate to support the division's vision, mission, and strategic goals.
- of contact to strengthen the support and services provided Clearly communicate central office functions and points to schools, offices, and other departments. 9
- revise as necessary to increase organizational effectiveness Review division processes, policies, and regulations and and efficiency.
- ensure the school division is prepared to effectively prevent and respond to all emergencies that might affect students Continue to implement safety and security measures to ∞.

POTENTIAL INDICATORS INCLUDE:

perceptions of central office support, etc. percentage of schools accredited;

SCHOOLS AND CENTERS

With 55 elementary schools, 15 middle schools, 11 high schools, one charter school and a number of secondary/post-secondary specialty centers, VBCPS is the largest school division in the region. In terms of the number of students enrolled, VBCPS is ranked No. 4 in the state of Virginia and No. 49 in the United States. In addition to core instructional programs at each of the 86 schools and centers, VBCPS offers students a variety of unique instructional programs to acquire skills and knowledge that support their academic achievement and growth and development as learners, workers and citizens. These programs are available to ensure every child is challenged and supported to reach his or her full potential.

Staffing Standards and Guidelines

Elementary School

FY 2020/21

The allocations of instructional personnel in Virginia Beach are based on guidelines that meet or exceed the Standards of Quality (SOQ), the accreditation requirements of Virginia, and core class size caps as adopted by the School Board.

NOTE: These standards represent current information and may be subject to change because of the Standards of Accreditation and Standards of Learning implementation requirements and the local operating budget.

These standards do not include teachers for resource programs, itinerant services, special education, Title I, school				
counselors, i	nstructional technology specialists and library media s	pecialists.		
Grade Level		VBCPS	VBCPS	
[see Note	Virginia SOQ Accreditation Standard Division-wide	Classroom	Target Class Size	VBCPS
(5)]	Ratios	Teacher	Ratio	Class Size Cap
(0)]	[See Note (3)]	Allocation	[see Note (1)]	[see Note (1)]
K	24:1 without assistant; no class larger than 29;	25:1	25:1	27
	with a full-time assistant if ADM is greater than 24:1			
1	24:1 no class larger than 30	25:1	25:1	27
2	24:1 no class larger than 30	25:1	25:1	27
3	24:1 no class larger than 30	25:1	25:1	27
4	25:1 no class larger than 35	26:1	26:1	27
5	25:1 no class larger than 35	26:1	26:1	27

NOTES TO STAFFING STANDARDS:

- (1) Schools are monitored throughout the year for compliance with pupil/teacher ratios. An additional teacher will be added at a grade level when the average class-size of all sections on the grade level reaches the class-size cap as shown above. In all cases, adequate funds must be available.
- (2) Exceptions to student/teacher target ratios can be requested on the basis of existing staff. The writter request for exception must include the program rationale for the exception, as it relates specifically to student achievement and/or an objective in the school's strategic plan. A cost analysis will be completed by the Department of Human Resources after the appropriate administrator in the Department of School Leadership receives the request.
- (3) Thirty-one elementary schools in Virginia Beach participate in the state K-3 Class-Size Initiative. The Virginia Department of Education (VDOE) determines the ratio for each school based on the percentage of students who receive free lunch.

Schools that participate in the Virginia K-3 Class-Size Initiative must maintain a K-3 class-size average as listed below.

```
17 schools @ 19 to 1 with no class in K-3 larger than 25 6 schools @ 18 to 1 with no class in K-3 larger than 24 4 schools @ 17 to 1 with no class in K-3 larger than 23 2 schools @ 16 to 1 with no class in K-3 larger than 22 1 school @ 14 to 1 with no class in K-3 larger than 20
```

(4) Principals are asked to schedule planning periods for elementary grade levels at the same time each day, whenever possible, to provide opportunities for collaborative planning and staff development.

- (5) 0.5 Extended Day Kindergarten (EDK) FTE assigned per school; additional FTE based on established eligibility criteria; excludes schools with Full Day Kindergarten Program.
- (6) 1.0 additional FTE for Spanish Immersion Program; Alanton, Christopher Farms and Trantwood.

Allocations for Resource Teachers (Art, ESL, Gifted, Music,	Physical Education, Reading Specialist); Library Media Specialist;
School Counselor and Instructional Technology Specialist.	Full-time resource teachers should be scheduled for a daily,
unencumbered planning time.	
Art/Grades 1-5	40-minute instructional period on a regular basis per class; plus 1 class period for display and dissemination of materials per week; initial staffing equal to music staffing; additional staffing based on number of classes taught*
Music/Kindergarten	30-minute instructional period on a regular basis per class*
Music/Grades 1-5	40-minute instructional period on a regular basis per class; plus 1 class period for chorus per week*
Music/Strings	40-minute instructional period, twice a week on non-consecutive days (Old Donation School additional .20 for 3 rd Grade)
Physical Education/Grades 1-5	30-minute instructional period required daily per class:
	Elementary students in grades 1–5 will be provided thirty (30) minutes of daily recess which will be split as follows: fifteen (15) minutes of recess to take place immediately prior to or following Health and Physical Education (HPE) class with the HPE teacher and teacher assistants serving as monitors; and, fifteen (15) minutes to take place at the opposite time of day from Health and Physical Education class with the grade-level classroom teachers serving as monitors. School administrators will be granted reasonable discretion.
	A second P.E. teacher will be allocated after the 6 th P.E. assistant, if teacher positions are available.
Reading Specialist	1 per school [SOQ] (excluding Old Donation .50); additional .20 for each 100 students in membership after 500 (VBCPS)
Library Media Specialist	1 per school
School Counselor	1 per school; additional .20 per 100 students in membership after 455[SOQ] Additional counselors are assigned to schools based on achievement as well as SEL data.
	achievement as well as one data.
English as a Second Language (ESL)	Itinerant based on number of students and level of proficiency [Federal]
Instructional Technology Specialist (ITS)	Allocations are made based upon the number of available positions, school needs and school enrollments. The Department of Teaching and Learning, in conjunction with the Department of School Leadership, makes these allocations annually.
Gifted	Itinerant resource based on identified enrollment
	FO.

Art Teacher (Grades 1-5)	1 per school; additional allocation for schools with more than 30 classes
	.20 FTE for 31-36 classes
	.40 FTE for 37-42 classes
	.60 FTE for 43-48 classes

Career and Technical Education Courses	20:1 or number of work stations (c)		Class size minimum: 18:1 Class size maximum: 20:1 or number of work stations (See VDOE listings)	
Physical Education	35:1		Class size minimum: 25:1 Class size maximum 35:1 - grade 6 Class size maximum: 37:1 - grades 7 and 8	
Distance Learning	25:1		Class size minimum: N/A Class size maximum: 30:1	

- (a) This standard includes all instructional personnel other than teachers for gifted education, in-school suspension, special education, school counselors, library media specialists, student activity coordinators, reading specialists, math specialists, SOL improvement specialists and instructional technology specialists.
- (b) Courses not meeting minimums may be dropped. Waivers may be granted, depending on the course and the extenuating circumstances.

(c) Career and Technical Education laboratory classes that use equipment that has been identified by the U.S. Department of Labor for hazardous occupations shall be limited to a maximum of 20 students per laboratory.

NOTES TO STAFFING STANDARDS:

- Instructional allocations may be decreased and a teacher reassigned when the school-wide student/teacher ratio is 21.25:1 or less with the elimination of the position (excluding Bayside 6th Grade Campus and Bayside Middle School).
- (2) Exceptions to student/teacher target ratios can be requested on the basis of existing staff. The written request for exception must include the program rationale for the exception, as it relates specifically to student achievement and/or an objective in the school's strategic plan. A cost analysis will be completed by the Department of Human Resources after the appropriate administrator in the Department of School Leadership receives the request; Bayside 6th Grade Campus and Bayside Middle School are excluded.
- (3) The classroom teacher allocation of 21.25:1 is based on all core teachers being assigned to four (4) teaching periods. Elective teachers will be assigned to five (5) teaching periods a day and one period designated for individual planning.
- (4) Each day, core teachers will have one individual planning period scheduled during the students' instructional day. Core teachers have one core team work/planning period during the contractual day. [Note: The team work/planning period may include such activities as remediation/academic support; professional learning; planning with team members; conferring with parents, resource staff, and educational professionals; providing special assistance to individual students or groups and completing other tasks necessary for efficient, effective team operation.]
- (5) Principals are encouraged to schedule the core team-planning period for each team on a grade level at the same time each day.
- (6) Full-time teachers of non-core classes will have one planning period per day.

Instructional Technology Specialist; Library Media Specialist; Literacy Teacher (Coach); Math Specialist (Coach); School Improvement Specialist and Student Activities Coordinator. Old Donation School, Bayside 6th Grade Campus and Bayside Middle School are staffed using appropriate modifications to all established standards. English as a Second Language (ESL) Itinerant based on number of students and level of proficiency [Federal Standard] Gifted Education 1 per school (excluding Old Donation School; Bayside 6th Grade Campus 0.40; Bayside Middle School 0.60) 1 per school (Old Donation School .50; Bayside MS 2.0; additional Reading Specialist/Literary Teacher allocation for READ 180 assigned to Bayside MS, Corporate Landing and Larkspur) Distance Learning .20 per school (for schools that send transmissions) School Counselor Department Chair, 1 per school (300 students) Counselor, 1 per 350 students (after first 300)

Allocations are as follows for Resource Teachers (ESL, Gifted Education, Reading Specialist); Distance Learning; School Counselor;

Coordinators	Assigned to special programs	
Administrative Assistant	Special needs basis; assigned as needed	
	Custodial Allocations	
Custodians	1 per 17,500 square feet	

Staffing Standards and Guidelines

High School

FY 2020/21

The allocations of instructional personnel in Virginia Beach are based on guidelines that meet or exceed the SOQ, the accreditation requirements of Virginia (State), and core class size caps as adopted by the School Board.

NOTE: These standards represent current information and may be subject to change because of the Standards of Accreditation and Standards of Learning implementation requirements and the local operating budget.

Grade Level High School (9-12) High School English	SOQ Accreditation Standard Division- wide Ratios	VBCPS Standard Classroom Teacher Allocation 21.25:1(a)	
Courses	VBCPS Target ([see No		Allocation Adjustments will be considered as follows: (Additional Teachers Subject to Availability of Funds) (b)

Title: City/School Revenue Sharing Policy		Index Number:
Date of Adoption: November 19, 2019	Date of Revision:	Page: 1 of 5

1. Purpose

- 1.1. This policy (the "Policy") is to establish a procedure for allocating Local Tax Revenues between the City and the Public School System revenues estimated to be available in any given fiscal year. It is the intent of this Policy to provide a planning and allocation tool that yields sufficient funding to maintain Virginia Beach City Public Schools' academic success as well as the City's strategic goals.
- 1.2. This Policy is designed to accomplish these goals by providing better planning for school funding by clearly and predictably sharing local revenues. It provides a balance between the funding requirements for School and City programming. This Policy seeks to provide a diverse stream of revenues that mitigates dramatic changes in the economy by relying upon all local General Fund tax revenues that are under the City Council's control, rather than a subset of those revenues. It also recognizes decisions by the City Council to dedicate some of these same revenues to City and School priorities outside of the formula discussed herein. Notwithstanding anything in this Policy, at no time shall the City's funding for Schools be less than that required by Virginia law for the maintenance of an educational program meeting the Standards of Quality as established by the General Assembly and required by the Virginia Constitution.

2. Definitions:

- 2.1. "City" refers to the City of Virginia Beach exclusive of the Virginia Beach City Public Schools.
- 2.2. "Schools" refers to the Virginia Beach City Public Schools.
- 2.3. "Local Tax Revenues" refers to all General Fund revenues generated by non-dedicated local taxes: real estate (less dedications such as the Outdoor Initiative); Personal Property; General Sales; Utility; Virginia Telecommunications; Business Professional and Occupational License (BPOL) Tax; Cigarette (less dedication for Economic Development Incentive Program (EDIP)); Hotel; Restaurant Meals; Automobile License; Bank Net Capital; City Tax on Deeds; and City Tax on Wills.
- 2.4. "Dedicated Local Tax" refers to taxes that have been previously obligated by the City Council or State law to support specific projects or programs. Examples of dedicated local taxes that are excluded from this Policy include, but are not limited to: Tax Increment Financing District Revenues; Special Services Districts Revenues; taxes that represent "net-new revenues" and are required to be redirected or are the basis for the calculation of an incentive payment as part of a public-private partnership approved by City Council; taxes established to support Open Space; Agricultural Reserve Program; Tourism Advertising Program; Tourism

- Investment Program, referendum related taxes, and taxes used to support the BRAC project. A more complete discussion of such dedications is found in the Executive Summary and Operating Budget each year.
- 2.5. "Formula Percentage" means the percentage applied to the Local Tax Revenues to arrive at the Formula Revenues.
- 2.6. "Formula Revenues" means the amount of revenue the Policy provides for funding the Schools.
- 2.7. "General Fund Balance Reserve Policy" means the Policy adopted by the City Council on May 11, 2004, which sets a range of 8% to 12% of the following year's budgeted revenues as the required undesignated fund balance.
- 2.8. "Net-new Revenues" as used in Section 2.4 means public-private partnership revenues generated by a project (or property) that exceed the Local Tax Revenues prior to the public-private partnership.
- 2.9. "Revenue Sharing Formula" refers to the method of sharing Local Tax Revenues between the City and the Schools.
- 2.10. "Budgeted Local Tax Revenues" refers to the appropriation of revenues by City Council in May each year for the upcoming fiscal year beginning July 1.
- 2.11. "Actual Local Tax Revenues" refers to the actual collected revenues reflected in the Comprehensive Annual Financial Report (CAFR).
- 2.12. "School Reversion Funds" refers to unused expenditure appropriations and end of the year adjustments to the Revenue Sharing Formula revenues based on actual collections.
- 2.13. "Schools Reserve Fund" means the fund established by the City Council on November 4, 2013, which is subject to School Board Policy #3-28 and is identified in the City's Financial System as Fund 098.

3. Procedure to Calculate the Revenue Sharing Formula:

3.1. Initial Estimate

- 3.1.1. In October, Budget and Management Services will develop an estimate of Local Tax Revenue for the upcoming fiscal year.
- 3.1.2. Estimated Formula Revenues. Using the estimate in the preceding subsection, the City's Department of Budget and Management Services will provide the estimated formula revenues to the Schools. The Estimated Formula Revenues is the result of the Local Tax Revenues multiplied by the Formula Percentage, which shall be 46.75% starting in FY 2020-21.
 - 3.1.2.1. This formula calculation shall comprise the local contribution for the Schools pursuant to this Policy.

3.2. Final Estimate

3.2.1. In February, the City's Department of Budget and Management Services will develop a final estimate of the Local Tax Revenues. Using this estimate and the Formula Percentage, the City will derive a final

- estimated amount of Formula Revenues, which will be included in the City Manager's Proposed Operating Budget and communicated forthwith to the Schools.
- 3.2.2. The final estimated amount of Formula Revenues and the calculation thereof shall be clearly presented in the City Manager's Proposed Operating Budget and forwarded to the City Council for consideration as part of the annual budget process.

4. Procedure to Request Funding Above the Revenue Sharing Formula:

- 4.1. After receiving the Superintendent's Estimate of Needs, the School Board will notify the City Council by resolution that it has determined additional local funding is required to maintain the current level of operations or to provide for additional initiatives. The School Board's resolution will provide the following: 1) that additional funding is required; 2) the amount of additional funding requested; 3) the purpose for the additional funding; and 4) that the School Board supports an increase in the real estate tax (or other local tax) should the City Council determine that such a tax increase is necessary.
- 4.2. The City Council, in its sole discretion may elect to provide revenue to Schools that is not consistent with this Policy. Such action by the City Council may include consideration of existing dedications or alternate sources of revenue or tax increases. If, after deliberation and appropriate public involvement, the City Council determines that additional tax revenues are required, the City Council may adopt a tax rate increase to any revenue stream within this formula to generate additional local tax revenue.
- 4.3. Should the City Council dedicate such increase in local taxes, that dedication will be treated in the same manner as other Dedicated Local Tax. If the City Council does not dedicate the increased taxes, this revenue will be part of the Local Tax Revenues for purposes of this Policy.

5. Deviations from Budgeted Local Tax Revenues:

- 5.1. If, at the end of the fiscal year, the Actual Local Tax Revenues exceed the Budgeted Local Tax Revenues, the amount of excess revenue will be subject to the same treatment as similar revenues in the budget process for the immediately preceding fiscal year. However, any excess revenue is first subject to the General Fund Balance Reserve Policy. If such excess funds are not required for the General Fund Balance Reserve Policy, the School Board may request that such funds be appropriated at the same time as the appropriation of reversion funds, discussed in Section 6.3, below.
- 5.2. If, the City, through the Manager or their designee, anticipates at any time during the fiscal year that actual revenues will fall below budgeted revenues, the School Board, upon notification by the City Manager or his designee of such an anticipated shortfall, will be expected to take necessary actions to reduce expenditures in an amount equal to the School's portion of the shortfall.

6. Reversion of Formula Revenues:

- 6.1. All other sources of funding shall be expended by the Schools prior to the use of Local Tax Revenues.
- 6.2. All balances of Local Tax Revenues held by the Schools at the close of business for each fiscal year ending on June 30th (to include the accrual period) lapse and revert to the fund balance of the City's General Fund.
- 6.3. Reversion Appropriation Process: The School Board may request, by resolution, the reappropriation and appropriation of funds resulting from the end of the fiscal year. This request should consider the following:
 - 6.3.1. The use of funds whose appropriation has lapsed because of the end of the fiscal year and reverted to the fund balance of the City's General Fund. See Section 6.2.
 - 6.3.2. The use of excess funds discussed in Section 5.1.
 - 6.3.3. The calculation of actual debt payments for the fiscal year recently closed as compared to the estimated debt payments upon which the fiscal year's budget was appropriated. If the actual debt payment exceeds estimated debt payments, the amount of the Schools' reversion funds will be reduced by this difference. If actual debt is less than estimated debt payments, the amount of the Schools' reversion funds will be increased by this difference.
 - 6.3.4. The Schools' Office of Budget Development will confer with Budget and Management Services to verify that there is sufficient fund balance in the General Fund to meet the City Council Fund Balance Policy. If there is insufficient fund balance according to the Fund Balance Policy, the City Manager shall notify the Superintendent of this condition.
 - 6.3.5. The School Board resolution may request the use of excess or reversion funds for one-time purchases or to be retained according to the applicable policy for the Schools Reserve Fund.
 - 6.3.5.1.Upon receipt of the resolution, Budget and Management Services shall prepare an ordinance for City Council's consideration of the School Board's request at the earliest available City Council meeting.
 - 6.3.5.2. Following City Council's action, Budget and Management Services shall notify the Schools of the City Council's decision and shall adjust the accounting records accordingly.

7. Revision to the City/School Revenue Sharing Policy:

- 7.1. The Superintendent, City Manager, Schools' Chief Financial Officer, and the City's Director of Budget and Management Services shall meet annually to discuss changes in State and Federal revenues that support Schools' operations, any use of "one-time" revenues, and any adjustments made to existing revenues affecting this formula. If they determine that an adjustment is needed, the City Manager and the Superintendent will brief the City Council and the School Board respectively.
- 7.2. City Council may revise this Policy in its discretion after consultation with the School Board.
- 7.3. If no other action is taken by the City Council and the School Board, this Policy shall remain effective until June 30, 2024 at which time it will be reviewed and considered for reauthorization.

(for FY 2020/21 budget and business transactions)

Each senior staff member is responsible for designated budget categories including departmental spending, line item compliance, and all expenditures through signature authority. This authority may be shared, if so designated; however, delegating signature authority does not nullify the senior staff member's accountability for fiscal responsibility.

Notice of Non-Discrimination Policy

Virginia Beach City Public Schools does not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation/gender identity, pregnancy, childbirth or related medical condition, disability, marital status, age, genetic information or veteran status in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. School Board policies and regulations (including, but not limited to, Policies 2-33, 4-4, 4-6, 4-43, 5-7, 5-19, 5-20, 5-44, 6-7, 7-48, 7-49, 7-57 and Regulations 4-4.1, 4-4.2, 4-6.1, 4-43.1, 5-44.1, 7-11.1, 7-17.1 and 7-57.1) provide equal access to courses, programs, counseling services, physical education and athletic, vocational education, instructional materials and extracurricular activities.

To seek resolution of grievances resulting from alleged discrimination or to report violations of these policies, please contact the Title VI/Title IX Coordinator/Director of Student Leadership at (757) 263-2020, 1413 Laskin Road, Virginia Beach, Virginia, 23451 (for student complaints) or the Section 504/ADA Coordinator/Chief Human Resources Officer at (757) 263-1133, 2512 George Mason Drive, Municipal Center, Building 6, Virginia Beach, Virginia, 23456 (for employees or other citizens). Concerns about the application of Section 504 of the Rehabilitation Act should be addressed to the Section 504 Coordinator/Director of Student Support Services at (757) 263-1980, 2512 George Mason Drive, Virginia Beach, Virginia, 23456 or the Section 504 Coordinator at the students school. For students who are eligible or suspected of being eligible for special education or related services under IDEA, please contact the Office of Programs for Exceptional Children at (757) 263-2400, Laskin Road Annex, 1413 Laskin Road, Virginia Beach, Virginia, 23451.
